

## 2 m (6.6 ft.) Laptop Cable Lock - Nano-slot - Customizable Combination

Product ID: LTLOCKNANO

This laptop cable lock gives you an easy and effective way to secure your notebook to a sturdy object and keep it safe from theft. With this 4-digit combination laptop lock, you can be confident your laptop and valuable data are well protected.

### Maximize security

You can ensure that your laptop, computer, monitor, docking station or other electronic device will be anchored safely to your workspace in just a few simple steps with this keyless 4-digit combo lock with security cable. It effortlessly latches directly into a laptop or other device equipped with the industry standard Kensington® Nano security cable slot, providing dependable theft prevention in a wide range of retail, commercial, and institutional environments.

## **Strong and durable**

Featuring a vinyl-coated steel cable, this 2-meter (6.6 feet) laptop lock is designed for effective theft prevention. The portable combination laptop lock also features a helpful reset procedure if the original combination is known (small flathead screwdriver required).

## **Bends with ease**

The flexible steel cable bends easily to loop around a stationery post or object, protecting your laptop or docking station against theft.

## **The Choice of IT Pros Since 1985**

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales

The LTLOCKNANO is backed by a StarTech.com 2-year warranty and free lifetime technical support.
