Multimedia features included

And for your personal enjoyment use the new keyboard "multi-media controls" for video control such as play, rewind, and fast forward to simplify work with video and audio files. Experience life in high-definition [2] with the HDMI port that allows you to connect directly to high-definition displays [3].

Stay connected

With optional Wi-Fi CERTIFIED™ WLAN [4] you can send and receive e-mails or access the Internet at your favorite hotspots. You can do videoconferencing with the webcam and microphone along with your wireless connection, with no additional hardware to buy or carry. And with HP Fast Charge [5], you can recharge your primary battery up to 90% in 90 minutes when your notebook is off.

Protection and convenience

Your data is important. HP DriveGuard helps protect it by reducing physical shocks to your hard drive.
