## PRODUCT OVERVIEW

The NETGEAR N150 Wireless ADSL2+ Modem Router is a simple and secure way to share your high-speed Internet connection at Wireless-N speeds for surfing the Internet, email, online chat and Facebook. Complete with all-in-one DSL modem and WiFi router, it is compatible with all major DSL Internet service providers and Wireless-G networks, allowing hassle-free connection flexibility.

- **All-in-one DSL modem** — ADSL2+ modem and router combined create complete gateway for DSL Internet connection
- **Compatibility** — Compatible with all major DSL Internet service providers (ISPs). Works with DSL ISPs like AT&T®, Verizon®, Qwest®, & CenturyLink™ (not including AT&T U-verse®)
- **Surf, email, chat** — Wireless-N connection for basic Internet applications like surfing the Web, email and Facebook
- **Share Internet connection** — Allows Internet broadband sharing and the freedom of wireless Internet usage
- **Live Parental Controls** — Keeps your Internet experience safe
  - Blocks unsafe Internet content and applications and can be managed from anywhere
  - Protects connected devices through the router such as PCs, gaming consoles, and iPod touch®
