Canon

Canon PIXMA printers, built for your business

Canon PIXMA printers offer a complete, practical solution. With stylish design and a range of intelligent features, including Wi-Fi and cloud connectivity, they deliver outstanding printing results and enable you to take the next step in running your business more efficiently.

Giving you everything you need to deliver outstanding printing results

Enjoy the peace-of-mind that comes from knowing you can generate high-quality, high-volume documents to meet any deadline – and achieve greater productivity for less cost.

Spend less time changing inks, get more ink for your money and share printed documents seamlessly, across your entire business.

XXL
PIXMA XXL Ink

1

Longer lasting ink

PIXMA MX924

Canon's MX924 printer features an optional XXL-sized ink tank that is capable of printing up to 1,000 pages without being changed.

So, you get more prints for your money, and stay productive while controlling costs.

2

Get connected

Great connectivity offers genuine flexibility and convenience. With Wi-Fi, Ethernet and cloud technologies, you can send important documents to print from most mobile devices, from wherever you are – and they'll be waiting for you when you return to your home or office.

3

High productivity

Thanks to its large 250-sheet cassette, the MX924 printer can hold more paper than any other PIXMA. It also boasts a 2-sided Auto Document Feeder that takes up to 35-sheet documents, removing the need for manual loading.

So you'll spend less time refilling and get more time to concentrate on more productive business priorities.

More documents in less time

Canon's XL ink cartridges are designed for extra efficiency, giving you more pages for your money and requiring fewer cartridge changes.

Therefore, you get maximum printing productivity for minimum cost. XL inks are available across the range saving up to 50% per page*. What's more, the XXL cartridge gives you ultimate efficiency – with up to 1,000** page prints per cartridge.

Maximise productivity, minimise cost

With XL and XXL cartridges available for your PIXMA printer, you'll achieve fantastic print quality and get great value for money.

Effortless
media handling

With a generous 250-sheet paper cassette, automatic 2-sided printing and a Direct Disc Print facility, the PIXMA MX924 handles a versatile range of media effortlessly.

2-sided ADF

250
250-Sheet Cassette

Auto 2-sided Print

Direct Disc Print

Automatically scan, copy or fax large double-sided documents using the fully-integrated 35-page 2-sided Automatic Document Feeder. A high capacity 250-sheet tray means you spend less time loading paper, while automatic 2-sided printing reduces the amount of paper you use. Double front paper cassettes mean you can conveniently have two media types loaded at once, plus you can print directly onto printable discs using Direct Disc Print.

Whatever your requirements, the PIXMA range has the media handling capability to deliver stunning results.

*Based on Canon RSP, comparing PG-440XL and CL-441XL to equivalent non XL Canon cartridge, using ISO/IEC24712 page yield.

Get connected

Wi Fi CERTIFIED®

Ethernet

Wi-Fi and Ethernet capability means you can easily share your printer between multiple PCs around the office or home.

Enjoy the freedom of mobile and cloud printing

PIXMA Cloud Link

PIXMA Cloud Link
Cloud printing

With cloud enabled printers without a large colour display, you can enjoy PIXMA Cloud Link by using your smart device and PIXMA Printing Solutions app. Simply download the app to print documents and photos from cloud services like Evernote, Dropbox, Picasa, Facebook or Twitter*.

Google Cloud Print & AirPrint*
Mobile Printing App

Apple AirPrint™ support allows you to print wirelessly from Apple's iPhone, iPad and iPod touch.

PIXMA printers supporting Google Cloud Print allow you to print Google Docs, emails, photo and PDF attachments from smartphones, tablets and traditional desktops from virtually anywhere.

AirPrint and Apple logo are trademarks of Apple Inc.

PIXMA Printing Solutions
Mobile Printing App

PIXMA Printing Solutions app lets you control your printer from your smartphone or tablet.

- **Wi-Fi Print and Scan:** Use your PIXMA wirelessly from a smartphone or tablet.

- **Cloud Print:** Access to the cloud with PIXMA Cloud Link compatible printers.

- **Printer Settings:** Check printer status, ink information and access the online printer manual.

*Only applicable on MX534

'Why print wirelessly?

"Printing wirelessly allows me to print on the move, wherever I am. It also means others can share the same printer creating more space in the home or office as they don't need a printer each."

David Martyn | Architect

PIXMA A3 print solutions

PIXMA iP8740 A3+ Photo Printer

Print stunning quality photos up to A3+ with this premium printer that features six single inks.

The six colour system includes a grey ink that enables you to create richer colour photos and impressive mono prints; while FINE print head technology delivers up to 9600dpi resolution – giving you exceptional detail and photo-quality results at speed.

For extra convenience, the printer's built-in Wi-Fi lets you print wirelessly around the home from smartphones, tablets and Wi-Fi cameras.

The PIXMA iP8740 is ideal for photo enthusiasts and small studios, marketing and advertising agencies or anyone who needs to print high quality images.

9600dpi Maximum

Smartphone and Tablet print

PIXMA iX6840 A3 Office Printer

Print via Wi-Fi, Ethernet or from mobile devices to this high-performance A3 office printer. Its five single inks help you efficiently print superior business-quality documents and photos.

Take advantage of optional XL inks to print significantly more pages, and achieve up to 30% savings compared to standard sized inks. For even greater efficiency, the optional XXL pigment black ink allows you to print up to 1000 monochrome pages*.

The PIXMA iX6840 is a natural choice for home, small and medium offices; or for professionals like architects and designers. It is also ideal in environments that need flexible connectivity options and which print large volumes of templates and business posters.
