

hp HP Envy 27 27-inch IPS LED Backlit Monitor

This is the display you've been waiting for. IPS technology, premium, studio quality sound with Beats Audio™, and a massive 27-inch diagonal edge-to-edge screen. Your content will never be the same. We don't stop there. You also get a sleek, solid aluminum design that demands to be front and center and software that thinks like you do. Bring your games, videos, and music to sparkling life with a display designed for how you live.

Enjoy great color and views from nearly any seat in the room

- In-Plane Switching (IPS), the familiar, color-rich technology you know and love in your tablets, mobile devices, and televisions, is now available on your home display.
- Share videos, photos, games, and more through 178° horizontal and vertical viewing angles with minimal distortion. Use one monitor or multiple monitors and still get a great view from nearly any seat in the room.

Headphones optional

- Get a total, immersive audiovisual experience with HP's first Beats Audio™-integrated display. Enjoy your sound the way it was meant to be heard.
- Built-in speakers are angled upward to deliver great mid-range and high frequencies with equally rich bass. If you want to add headphones, the jack is within easy reach on the right side of the display.

Don't put this baby in the corner

- Get maximum, unobstructed views of your images and content from the edge-to-edge borderless screen. Reclaim your space with an offset base design that takes up less depth and gives you more room to maneuver.
- Customize settings with backlit capacitive touch controls that don't just look pretty, they also provide easy access to display properties.
- Connect to a range of devices with VGA, DisplayPort, and HDMI inputs.

Never miss a thing

- Bring your digital content to sparkling life and take movie night to the next level with Full-HD resolution.⁽²⁾
- Enjoy stunning video and graphics presentation from the impressive 10,000,000:1 dynamic contrast ratio.⁽³⁾
- Automatically reduce the brightness of the display with technology that detects the brightness of the space around you and adjusts to a more comfortable balance that's easier on the eyes.

Multi-task to your heart's content

- Control power-saving modes, customize screen settings, partition your screen so multiple application windows can be open at the same time, and then save preferred settings for an easy startup—all with integrated HP My Display software.⁽¹⁾

HP and the environment, on your side

- Help reduce your power consumption and cut back on energy costs with an intelligent, energy efficient design built with the environment in mind.
- Get peace of mind from HP's award-winning service and support and a standard, 1-year limited warranty. Our Always On Technology portfolio of services and support is there when you need it.

⁽²⁾High definition (HD) content is required to view HD images. ⁽³⁾Dynamic Contrast Ratios during video playback only, depending on series of frames or time duration. ⁽⁴⁾Meeting the industry definition of 'BFR/PVC-free' per the INEMI Position Statement on "Low Halogen" Electronics. Plastic parts incorporated into the chassis generally contain <1000 ppm (0.1%) of bromine or chlorine. Printed circuit board and substrate laminates generally contain <1500 ppm (0.15%) of total bromine and chlorine. Service parts after purchase may not be BFR/PVC-free. External accessories, including power supplies, power cords, and peripherals are not BFR/PVC-free. ⁽⁶⁾ Arsenic and its compounds were not detected using U.S. EPA test methods 3052/6010b by ICP-AES with a MDL 10 ppm. ⁽⁹⁾ SmartWay: US/Canada only. ⁽¹⁰⁾ All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower. ⁽¹¹⁾ Expected results may vary based on the viewing quality of the original image (picture, photo or video) and the difference between the monitor's previous settings (ex. Quick View Movie preset mode) compared to the new HP Enhance+ mode.
