

Diamond Ergonomic Interactive Monitor Desk Mount (Model: DMC240)

The Diamond DMC240 dual arm mount is constructed with solid steel and innovative counterbalance technology. Its newly designed VESA plate makes installation much easier. It efficiently frees up space on your desk and easily moves your LCD monitor into the best ergonomic position. Highly adjustable arms move up, down, forward and back with just a touch. With weight capacity of 6kg. or 13.2lbs, the desk mount features 360° monitor rotation, -90°~ +90° tilt, 180°swivel and vertical distance height adjustments. The desk arm is designed with cable management to provide a neat desk space and is ideal for offices, homes, industrial settings, production lines and much more.

Product Usage

- Create a clean sleek look for commercial, business and home/office environments
- Mount two displays to your desk, table or service counter tops and increase your productivity
