100-word description: English	<p>Take a quantum leap forward in picture quality. The VIZIO P-Series® Quantum 65" Class (64.5" diag.) 4K HDR Smart TV elevates your home entertainment experience to the next level, utilizing next-generation quantum-dot technology to produce up to 115% more color*. Thanks to a powerful Active Full Array® backlight that delivers up to 1100 nits of brightness and 200 local dimming zones, you'll see radiant highlights, deep, inky blacks and extraordinary detail in every scene. Featuring VIZIO's award-winning SmartCast™ 3.0 with Alexa, Google Assistant, and Chromecast built-in, streaming, controlling, and sharing your favorites has never been easier. And coming this summer, every P-Series® Quantum will receive an update to enable Apple AirPlay 2 and HomeKit support.</p> <p>*Color defined as the color volume measured using Dolby's MDC (millions of distinguishable colors) specification that factors the range of colors and luminance levels; standard 4K HDR TV features rec709 color, up to 300 nits of brightness and no local dimming.</p>

200-word description: English	<p>Take a quantum leap forward in picture quality. The VIZIO P-Series® Quantum 65" Class (64.5" diag.) 4K HDR Smart TV delivers the ultimate home entertainment experience: cinematic quantum-dot colors, extraordinary clarity, and deep, inky blacks.</p> <p>Powered by VIZIO's next-generation quantum-dot technology, the all-new</p>

	<p>P-Series® Quantum delivers over a billion shades of color, transporting you to new worlds with up to 115% more color*. Dolby Vision™ HDR with UltraBright 1100 brings remarkable detail, depth and brightness to every scene. And with a powerful Active Full Array backlight with 200 local dimming zones, you'll see a striking contrast, even in the darkest scenes — in short, you'll experience scenes just as the director intended.</p> <p>VIZIO's award-winning SmartCast™ 3.0 is a one-stop smart TV solution that brings you more of the entertainment you love, all in one place. Browse favorites like Netflix and Hulu right on the TV. Or use Chromecast built-in to stream, control, and share from your phone or laptop directly to the screen — no extra devices or remotes needed. Support for Amazon Alexa and Google Assistant makes the P-Series® Quantum a perfect smart home centerpiece. Power on your TV, stream apps, and much more with simple hands-free voice control. And coming this summer, every P-Series® Quantum will receive an update to enable Apple AirPlay 2 and HomeKit support. Discover an extraordinary picture, all wrapped up in a sleek, precision-crafted aluminum frame designed to create the most immersive viewing experience imaginable.</p> <p>*Color defined as the color volume measured using Dolby's MDC (millions of distinguishable colors) specification that factors the range of colors and luminance levels; standard 4K HDR TV features rec709 color, up to 300 nits of brightness and no local dimming.</p>

**Key Features and Benefits:
English**

- **Dolby Vision™ HDR** A superior HDR standard for 4K video, capable of displaying a wider spectrum of colors and detail. This TV includes HDR10 and HLG content support as well.
- **4K Ultra HD** With over 8 million pixels — 4 times the resolution of 1080p — enjoy every scene in breathtaking detail.
- **VIZIO Smart TV** Finding great content and streaming high-quality 4K HDR video is incredibly easy with SmartCast Home™. Browse favorites like Netflix and Hulu right on the TV using the included remote or SmartCast Mobile™ app on your phone or tablet.
- **Chromecast Built-In** Chromecast is built into the P-Series® Quantum, offering thousands of streaming apps and the ability to display anything from your phone or Google Chrome browser on the big screen.
- **Hands-Free Voice Control** The P-Series® Quantum is a perfect smart home companion with support for popular smart home voice ecosystems like Amazon Alexa and Google Assistant.
- **VIZIO WatchFree™** Enjoy free & unlimited TV from over 100 channels – news, sports, movies, TV shows, music, and the best of the internet. No fees, subscriptions or logins.
- **Laptop screen mirroring** Whether it's browsing a website or giving a presentation, you can easily stream from your phone, tablet or laptop to the P-Series® Quantum with Chromecast built-in.
- **Octa-Core Processor** The processor is the brain of your TV, and a high-powered processor means less lag in streaming apps or while switching activities.
- **Edge-to-Edge Screen Design** With a precision-crafted brushed aluminum frame, the P-Series® Quantum is the perfect entertainment centerpiece.
- **5 UHD/HDR-Ready HDMI Ports** Supporting the latest HDMI standards, this P-Series® Quantum allows you to connect to 4K Blu-Ray players, game consoles, and more.
- **USB Multimedia** Play photos, music, and video right on the big screen using the built-in USB port.
- **DTS Studio Sound II** Advanced virtual surround sound audio from the display's two built-in speakers.

	<ul style="list-style-type: none">• Clear Action™ 960 Enjoy fast action sports and movies with superior motion clarity using powerful image processing and a blazing 240Hz effective refresh rate achieved with backlight scanning.• Quick Start Mode Enable Quick Start Mode to turn your TV on automatically with a simple voice command or tap of the Cast button. Enabling Quick Start Mode will change the energy consumption required to operate this TV.
