Perfect for classrooms or meeting rooms with high ambient light, the ViewSonic® LightStream® PJD7326 projector delivers presentations that always shine bright. Thanks to SuperColor™ technology and the brilliance of 4,000 lumens, this projector strikes a perfect balance of color and light to deliver amazing brightness and front-of-screen performance. Whether the shades are drawn, or the room is fully lit, lesson plans, presentations, and multimedia content are brought to life. A smart and intuitive design includes PortAll™—a hidden MHL/HDMI port perfect for wireless dongles (such as the optional ViewSonic WPG-300) that lets you wirelessly stream multimedia content from a mobile device, or notebook PC, to the projector. Designed with an easy-to-use network management system that lets you remotely control over 250 LightStream projectors, the PJD7326 is great for use in multiple classrooms across an entire campus, or multiple meeting rooms in an office building.

**Key Features:**
- Best in class color accuracy
- 4,000 lumen high brightness
- Secure MHL/HDMI port
- Network capable
- Smart design

**Designed for:**
- Education
- Business
LightStream® XGA 1024x768 Projector with 4,000 Lumens

PJD7326
