

HyperX CloudX™ Pro Gaming Headset

hyperxgaming.com/headset

Built for the elite gamer.

HyperX CloudX™ Pro Gaming Headset is designed for Xbox and tested and approved by Microsoft. It works with the Xbox Elite Wireless controller and other Xbox One controllers with a 3.5mm stereo headset jack and provides connectivity from the headset to console and mobile devices¹. With additional Windows compatibility, it comes with a 2M PC extension cable with stereo and mic plugs.

Its 100% memory foam ear cushions and headband, interchangeable leatherette and velour ear cushions and over the ear cups let you play in award-winning comfort for hours on end. Two types of cushion allow for different textural comfort against the ear; the velour cushions provide breathable comfort.

HyperX CloudX features immersive in-game audio so you can lose yourself in the game while you're winning. Its rich sound quality has crystal-clear low, mid and high tones, and it's HiFi capable, with 53mm drivers, enhanced bass reproduction and a closed cup design. Its solid aluminum frame gives it long-lasting stability and durability.

Convenient in-line audio control lets you adjust the volume and mute the microphone right on the cable, while the detachable noise-cancelling microphone means clearer voice quality and reduced background noise for an improved in-game chat experience. The mic is easy to plug in for gaming and unplug for music-only purposes, and it's certified by TeamSpeak™ and compatible with Discord, Skype™, Ventrilo, Mumble and RaidCall.

HyperX CloudX™ Pro Gaming Headset

FEATURES/ BENEFITS

- > **Official Xbox™ licensed headset** — Tested and approved by Microsoft, HyperX CloudX™ works with Xbox Elite wireless controllers and other Xbox One controllers with a 3.5mm stereo headset jack. With additional Windows compatibility, it comes with a 2M PC extension cable with stereo and mic plugs.
- > **In-line audio control** — Conveniently adjust volume and mute microphone right on the cable, with no need to go into console settings to adjust headset sound.
- > **Hard shell carrying case** — HyperX CloudX comes with a handy, hard shell carrying case to protect it and make it easy to take with you, wherever you game.
- > **Award-winning total comfort** — Its 100% memory foam ear cushions with padded leatherette headband give you the ultimate in comfort, even when you're gaming for hours on end.
- > **Immersive in-game audio** — Lose yourself in the game with HyperX Cloud's award-winning audio performance featuring crystal-clear low, mid and high tones and a closed cup design for environmental noise isolation. HyperX Cloud is HiFi capable, with 53mm drivers.
- > **Detachable noise-cancellation microphone** — The removable microphone boom is easy to plug in for gaming or unplug to listen to music. Its flexible design allows for custom mic positioning.
- > **Durable aluminum frame** — Its solid aluminum frame gives HyperX Cloud long-lasting stability and durability.
- > **Interchangeable ear cups** — Two sets of cushions allow for different textural comfort against the ear. The velour cushions provide breathable comfort and open sound, while the leatherette cushions reduce surrounding noises.
