Additional Features

Benefits

Parking Mode	Parking Mode provides security while your vehicle is parked. If the dash cam doesn't sense any motion for a set time the screen will turn off and recording will stop. If motion is detected or the G-Sensor is triggered, the camera will automatically wake up and start recording again.
SnapShot	Snap a still photo at any time during a video with the all new SnapShot feature.
Improved Video Quality	Gorgeous 1080P Full HD video with an ultra wide 160° lens. The road never looked so good.
Action Cam Mode	Improved battery life frees your dash cam from the confines of your windshield. Switch to action cam mode to disable the G-Sensor and Loop Recording.
Quick Release Mount	Sliding mount allows for quick setup or teardown on any mount that uses a standard tripod mount screw.
