Spectacular Video Quality

1080p HD video at 30 frames per second provides true-to-life clarity on Android TVs, PCs or laptops. Comes with a 6-layer coated lens that provides crystal clear and stable images; smooth and precise for consistent definition and fluid video.

Enjoy a Safe Online Experience

The privacy cover allows you to control your video display at any time, effectively protecting your privacy. Slide the webcam cover closed when not needed to block potential hackers; it's the perfect way to provide security and peace of mind to individuals, families, groups, companies, organizations and governments.

Easy-to-use Fixed Focus

The webcam is pre-set to a specific focus range; simply install the camera and point it in the right direction. No more worrying about focusing.

(*Best operation range 20 cm.)

Always Look Great

Equipped with auto low light correction; adjusts the lighting to produce better quality and brighter images even when you are in dim environments.

96°

96° Wide Angle Field of View

A 96° wide angle lens allows everyone in the room to be seen. Great for business video meetings, huddle rooms and other small workspaces.

Crystal Clear Sound

Built-in dual noise reduction mics specifically optimized for ultra-clear conversations in the room; making sound purer and clearer.

Capture the Best Angle

360° rotation left/right and 90° tilt forward/backward to show your best side on every video call, wherever you are.

Simple to Use

Plug-and-play through USB connection supports USB Video Device Class (UVC); making it easy to get it up and running.

Versatile Mounting Choices

Effortlessly mount the camera wherever you like; clamp on LCD screens, laptops, desktops or mount on your tripod.

*tripod not included

All-around Platform Compatibility

Compatible with Windows, Mac OS, Linux, Chrome OS and Android. Works with Skype, Microsoft Teams, Google Meet, Zoom, FaceTime, Facebook Messenger, OBS, XSplit, Twitch and more.

Specification:
