

HD Wildlife Camera | 16 MP | 5 MP CMOS

General information

Capture that one special moment in glorious detail on camera. A video of a flock of deer running through the forest or a snap of that bear or wolf exploring.

Of course, you will need some help from mother nature and a little bit of luck, but when the moment occurs this Nedis® wildlife camera will be ready to preserve the memory forever.

During the daytime and at night this camera will give you amazing wildlife pictures.

It activates and turns off automatically, ensuring your batteries last a very long time and that the camera can be on stand-by for months.

Features

- The camera shoots pictures with a max. of 16 MP and Full HD video
- Black camera LEDs for a nearly invisible flash to ensure animals are not scared off
- During daytime animals can be photographed within a range of 20 metres
- In-built night view providing a range of 15 metres after sunset
- Also suitable for object surveillance

Image chip:	CMOS 5 Megapixel
Detector range:	20.0 m
Operating temperature:	-30 - +70 °C
Megapixel:	16 MPixel

Sales information

Order code:	WCAM150GN
Product description:	HD Wildlife Camera 16 MP 5 MP CMOS
Packaging:	Giftbox
Brand name:	Nedis

HD Wildlife Camera | 16 MP | 5 MP CMOS

Detector angle:	120 °
Trigger time:	0.6 s
Screen size:	2.4"
Battery type:	4x AA/LR6
Battery type:	8x AA/LR6
Input voltage:	6 VDC
Camera design:	Detector
Type:	Camera
Material:	ABS
Colour:	Leaves/Green
IP rating:	IP66
Video resolution:	1080p 30fps
Interface:	DC
Storage type:	microSD
Feature:	Very low Energy Consumption
Feature:	Night Vision

Package contents

Camera
USB cable
Strap
Quick start guide
