Introduction

Thank you for purchasing **Transcend MP710**, an advanced MP3 Player that can play **music** and display **videos** and **photos**. The MP710 combines all the advantages of a great sounding portable MP3 player with the benefits of a USB flash drive, and includes many extra features such as a Recordable FM Radio, advanced digital voice recording, karaoke-style lyrics display and A-B repeat functions. Your MP710 can also be used to read **E-books** and supports Hi-Speed USB 2.0 for faster uploading and downloading of files when connected to a computer. The A-B repeat feature allows you to continuously replay the specific sections of an audio file – ideal for learning foreign languages and reviewing an important part of a song or recording. In addition, you can make personal memos and record meetings or class lectures using the advanced digital voice recorder with built-in microphone.

Package Contents |

The MP710 package includes the following items:

MP710

Earhook Earphones

Quick Start Guide

Features |

- 2.0-inch QVGA (240 x 320 pixel) full-color TFT display
- Play MP3, WMA, and WAV music files
- Playback music and videos (AVI and AMV files)
- View photos (JPEG, BMP) and e-book (.txt) files
- Recordable FM Radio with 30 station presets
- Built-in microphone and direct Line-In recording (for CD players, or other devices)
- Playlist Builder
- Karaoke-style synchronized lyrics display
- A-B repeat allows continuous replay of a designated section of a track
- Supports multi-languages including menus, song/album title, artist name and lyrics
- USB flash drive capabilities for data transfer and storage
- Adjustable sleep timer
- Eight equalizer effects, including a customizable USER EQ setting
- Power-saving screen savers and auto-shutoff function
- Internal rechargeable Li-Polymer battery provides over 42 hours of continuous music playback*
- Hi-Speed USB 2.0 port for easy computer connectivity and fast file transfers
- Real Time Clock (RTC) display

* Max. music playback time achieved with the following settings: Set Screen Saver to "Screen off", Backlight Time to "30 Seconds" and Lyrics Sync to "Off"

System Requirements |

Desktop or notebook computer with a working USB port.

One of the following operating systems:

- Windows[®] 8
- Windows[®] 7
- Windows Vista[®]
- Windows[®] XP
- Mac[®] OS X 10.0 or later
- Linux[®] Kernel 2.4 or later

Safety Precautions |

These usage and safety guidelines are IMPORTANT! Please read them carefully.

General Use

- Unpack the contents of the MP710 package carefully.
- Make sure that the USB connectors are the same size and shape before connecting never force them.
- Always use the Transcend-provided power adapters and cables. Using incompatible cables may permanently damage your MP710.
- Never connect the MP710 to a USB hub. USB hubs connect to multiple devices at the same time, resulting in inadequate or unstable power supply. <u>This may cause damage to your digital music</u> <u>player.</u> Known problems caused by connecting to a USB hub include reduced playback time, random resets, and in the worst case, permanent damage to the player's firmware.
- Do not allow your MP710 to get wet or come in contact with water or any other liquids.
- Do not use a damp/wet cloth to wipe or clean the exterior case.
- Do not use or store your MP710 in any of the following environments:
 - o Direct sunlight
 - Next to an air conditioner, electric heater or other heat sources
 - In a closed car that is in direct sunlight
- Always unplug the player once it is fully charged. Avoid charging the player for more than 12 hours.
- Do not charge in high-temperature environments or while exposed to direct sunlight.
- To maintain battery health, be sure to complete at least one full discharge/charge cycle per month.

Backing Up Data

- <u>Transcend does NOT take any responsibility for data loss, or damage during operation</u>. If you decide to store data on your MP710, we strongly advise that you regularly backup the data to a computer, or other storage medium.
- To ensure Hi-Speed USB 2.0 data transfer when connecting to a computer, please make sure the computer has the necessary USB drivers installed. If you are unsure how to check this, please consult your computer or motherboard User's Manual for USB driver information.

Caution: Risk of Deafness

- Repeated or regular use of headphones or earphones at volume levels above 80 decibels can give a false impression that the audio level is not high enough. Users may try to progressively increase the volume control therefore risking a dangerous noise level for their ears.
- To protect your health and your hearing, keep the volume of your MP3 player below 80 decibels and do not use for an extended period of time. Stop use if symptoms like headaches, nausea, or hearing

disorders occur.

- Your MP3 player is limited to a volume level of 100 decibels.
- Both the MP3 player and its accompanying earphones are compliant with the French regulation concerning portable music devices (24th July 1998 Order).
- Before using other earphones, confirm that their technical specifications are compatible with the original set.

Reminders

- Never use the "Quick Format" or "Full Format" functions in Windows® to format your MP710.
- If you leave the digital music player plugged into a notebook computer that is running on battery power, the player will gradually drain power from your notebook's battery.
- Follow the procedures in the "Disconnecting from a Computer" section to properly remove your MP710 from a computer.
- Transcend occasionally releases firmware updates for certain products. We suggest you visit http://www.transcend-info.com and download the latest firmware version for your device.

Basic Operation

Charging the Battery

Plug the small end of the USB cable into the Micro USB port on the bottom of the MP710, and plug the large end of the cable into an available USB port on your desktop or notebook computer. The MP710's internal Li-Polymer battery will automatically begin charging. A battery charging indicator will appear in the upper right hand corner of the player's screen. Leave the player plugged in until the battery charging animation stops.

<u>NEVER</u> plug the MP710 into a USB hub or an external USB port located on a keyboard, monitor or other peripheral. <u>This can permanently damage your digital music player</u>. When charging the battery, Please plug the MP710 directly into your computer's built-in USB port.

Power ON

Press and hold the 🕑 button to turn on the player. An animated logo will appear, followed by the player status information. After the startup sequence, the Main Menu will be displayed, indicating the MP710 is ready for use.

o It takes a few seconds for the MP710 to power up.

Power OFF

Press and hold the 🕑 button to turn off the MP710.

o It takes a few seconds for the MP710 to completely power down.

Play a Song

Press the 🕑 button to play a selected music, video, photo, E-book, or recording file.

Pause a Song

Press 🖭 to pause and un-pause a song, recording, or video during playback.

Next Track

Press **b** to skip to the next available song.

Previous Track

Press To go back to the previous song.

Fast Forward

Press and hold the **button** to fast-forward.

Fast Rewind

Press and hold the < button to rewind.

Increase Volume

Press once or press and hold the 🕟 button until you reach the desired volume level.

Decrease Volume

Press once or press and hold the 🕐 button until you reach the desired volume level.

📕 Main Menu

Press and hold *in any mode to enter the Main Menu. The Main Menu gives you access to the MUSIC, RECORD, RADIO, PHOTO, VIDEO, FITNESS, and FILE BROWSER modes, and the SETTINGS menu.*

Adjusting the Volume

While playing a song, press once or press and hold 🕟 or 🕐 until you reach the desired volume level.

Repeat Mode

- **1.** While playing a song in the MUSIC mode, press the *P* button to open the Options menu.
- 2. Use the 🔺 / 💽 buttons to select "Repeat Mode" and press 🖭.

I. Repeat:

Normal	(plays all music files available one time, in consecutive order)
Repeat One	(continuously repeats the current song)
Repeat All	(continuously repeats playback of all music files available, in consecutive order)
Shuffle & Repeat	(continuously repeats playback of all files available, in random order)
Repeat in Folder	(continuously repeats playback of all files in folder, in consecutive order)
Shuffle in Folder	(continuously repeats playback of all files in folder, in random order)

Equalizer (EQ) Mode

There are many preset Equalizer Modes to choose from: Normal (Off), Rock, Funk, Hip Hop, Jazz, Classical, Techno, User EQ.

- 1. While playing a song in the MUSIC mode, press the *P* button to open the Options menu.
- 2. Use the 🔺 / 💌 buttons to select "Equalizer" and press 🖭.

3. Use the () / () buttons to select an equalizer mode. If music is playing, you will instantly hear the difference between each mode through the earphones.

4. Press **b** to confirm the new EQ setting.

User EQ Customization:

The User EQ allows you to customize a 5-band equalizer to your personal preference.

- **1.** While playing a song in the MUSIC mode, press the *P* button to open the Options menu.
- 2. Use the 🔺 / 💽 buttons to select "Equalizer" and press 🖭.

3. Select "User EQ" and press 🕑.

- 4. Press e to switch between five bands: 80Hz, 200Hz, 1KHz, 4KHz, and 8KHz.
- 5. Press () to increase or decrease levels of each frequency range.

6. Press 🕑 to confirm and return to the "Equalizer" menu.

A-B Repeat

- 1. While playing a song in the MUSIC mode, press the *button* to open the Options menu.
- 2. Select "A-B Repeat" and press 🖿 to enable this function.

3. Press the 🖭 button to mark the beginning of the section you want to repeat.

0006/0006	12:00	0 -
Tran	scend.mp	3
0:01/0:	21	off

4. Press the 🖻 button again to mark the end of the section you want to repeat.

5. The marked section of the song will playback in a continuous loop.

6. Press the 🖭 button once more to stop the A-B repeat function.

Volume Limit

This function lets you enable/disable the volume limit and set a maximum limit level to prevent the volume from exceeding a certain value.

- **1.** While playing a song in the MUSIC mode, press the *P* button to open the Options menu.
- 2. Use the 🔺 / 💽 buttons to select "Volume Limit" and press 🖭.

Add Bookmark

This function can be used to mark a specific part of song so you can easily return to it in the future.

- 1. While playing a song in the MUSIC mode, press the *P* button to open the Options menu.
- 2. Use the () / () buttons to select "Bookmarks" and press ().
- 3. Use the 🔺 / 💽 buttons to select "Add Bookmark" and press 🖭.

4. Press the 🖭 button to bookmark the current position of the song.

Add to My Playlist

The MP710 includes three built-in playlists that can be used to sort your favorite songs into different groups.

Ex: you may choose to add "dance music" to My Playlist 1, and "love songs" to My Playlist 2.

- 1. In the MUSIC mode, press the end button to open the Options menu.
- 2. Use the 🔺 / 💌 buttons to select "Add to My Playlist" and press 🖭.

4. Press the 🕑 button to add the currently playing song to the highlighted playlist.

Removing a Song from My Playlist

- **1.** In the MUSIC mode, press the *P* button to open the Options menu.
- 2. Use the 🔺 / 💌 buttons to select "Remove From List" and press 🖭.

3. Select the playlist you want to edit and press $\textcircled{\bullet}$.

4. Use the (A) / (C) buttons to select "**Yes**" and press (b) to remove the song (**note**: this will only remove the selected song from the current playlist, and will not actually delete the file from the internal memory).

5. Press (5) to return to My Playlist.

Lyrics Sync

This function displays synchronized lyrics (if available) on the screen during music playback.

Note: For Lyrics Sync to work, an "**xxxxx.Irc**" lyrics file with the exact same name as its corresponding music file must be transferred to the MP710.

Ex: for the MP3 file "GM-Last_Christmas.mp3", the LRC lyrics file must be named "GM-Last_Christmas.lrc"

- **1.** In the MUSIC mode, press the *P* button to open the Options menu.
- 2. Use the (A) / (I) buttons to select "Lyrics Sync" and press (III).

3. Select "On" to use Lyrics Sync, or "Off" to turn the function off.

	12:01	0	-
► On		V	1
Off			
Lyrics Syr	nc		1/2

4. Press 🖿 to confirm.

Delete

- 1. While playing a song in the MUSIC mode, press the end button to open the Options menu.
- 2. Use the 🗼 / 💌 buttons to highlight "Delete" and press 🖭. A "Confirm File Delete" message will appear.

3. Use the 🔺 / 💽 buttons to highlight "Yes" and press 🖭 to permanently delete the currently playing file, or select "No" to return to the Options menu without deleting.

#### Factory Settings

This option will return all settings to their default values.

1. In the SETTINGS menu, use the A / V buttons to select "Factory Settings" and press .

2. A confirmation screen will appear. Select "Yes" to return to default settings and press , or select "No" to return to the SETTINGS menu.

# Driver Installation

#### Driver Installation for Windows[®] XP, Vista, 7 and 8

No drivers are required. These Windows[®] Operating Systems have built-in drivers to support the MP710. Plug your MP710 into an available USB port and Windows[®] will install the necessary files. A "**Removable Disk**" drive (for the MP710 internal memory) with a newly assigned drive letter will appear in the **My Computer** window.

### Driver Installation for Mac[®] OS X 10.0, or Later

No drivers are required. Plug your MP710 into an available USB port and your computer will automatically detect it.

# Driver Installation for Linux[®] Kernel 2.4, or Later

No drivers are required. Plug your MP710 into a USB port and mount it.

**1.** Create a directory for the MP710.

#### Example: mkdir /mnt /MP710

2. Mount the MP710.

Example: mount -a -t msdos /dev/sda1 /mnt /MP710

# Connecting to a Computer |

#### Transferring Files to the MP710

If you want to use your Digital Music Player to do more than listening to the radio, you must transfer music files, pictures, movies or TXT files to the MP710. You can also use the MP710 as a portable flash drive to transfer your important documents and other files.

<u>NEVER</u> plug the MP710 into a USB hub or an external USB port located on a keyboard, monitor or other peripheral. <u>This may cause damage to your digital music player.</u> When connecting to a computer, Please plug the MP710 directly into your computer's built-in USB port.

1. Plug the small end of the USB cable into the Micro USB port on the MP710 and plug the large end of the cable into an available USB port on your desktop or notebook computer. The internal Li-Polymer battery will begin charging.

2. When connected to a computer a USB connection screen will appear.

USB Connection Type :
USB Data Transfer
USB Charge&Playback
1 2 3 4 5

- USB Data Transfer: For transferring files to and from the player's internal memory.
- **USB Charge & Playback:** For charging the battery while continuing to use the music playback functions of the player. No data transfer is possible in this mode.

# Note: Both connection modes will charge the internal battery, however when "USB Data Transfer" is chosen, the player's audio and video functions will not be available.

**3.** Use the ( ) / ( ) buttons to select your desired connection mode.

If you are using Windows®, a "**Removable Disk**" drive with a newly assigned drive letter will appear in the **My Computer** window.

🖳 My Computer

1				
	lisk (C:) Removable			
Control Panel Local D	ISK [L:] NEMOVABLE			

*Note: (F:) is an example drive letter - your "My Computer" window may differ

- **4.** To transfer **photos**, **videos**, **e-book text files**, and **non-protected music** to the MP710, the USB Connection Type in the Settings menu must be set to "USB Data Transfer." With this connection type, you can transfer files by simply dragging them onto the MP710's Removable Disk drive letter. You can also create your own folders within the MP710 and copy files directly to the folders.
- 5. Always disconnect the MP710 from a computer by selecting and following the instructions for the "Safely Remove Hardware" icon that can be found on the Windows[®] Toolbar at the bottom of the computer screen

**NEVER unplug the MP710 during file transfer.** Unplug the MP710 only when Windows informs it is safe to do so.

- Disconnecting the MP710 in Windows[®] XP, Vista, 7 and 8
- 1. Select the Hardware icon 🧕 on the system tray.
- 2. The Safely Remove Hardware pop-up window will appear. Select it to continue.

**3.** A window will appear stating "The 'USB Mass Storage Device' device can now be safely removed from the system."

4. Unplug the MP710 from your computer.

# Disconnecting the MP710 in Mac[®] OS 10.0 or Later

- **1.** Drag and drop the Disk icon that corresponds to your MP710 into the trashcan.
- 2. Unplug your MP710 from the USB port.

#### Disconnecting the MP710 in Linux[®] Kernel 2.4 or Later

- 1. Execute umount /mnt /MP710 to un-mount the device.
- 2. Unplug your MP710 from the USB port.

# Troubleshooting

If a problem occurs with your MP710, please first check the information listed below before taking your MP710 for repair. If you are unable to remedy a problem from the following hints, please consult your dealer, service center, or local Transcend branch office. We also have FAQ and Support services on our websites.

#### Operating system cannot detect the MP710

Check the following:

- Is your MP710 properly connected to the USB port? If not, unplug it and plug it in again.
- Is your MP710 connected to the Mac keyboard? If yes, unplug it and plug it into an available USB port on your Mac Desktop.
- Is the USB port enabled? If not, refer to your computer (or motherboard) user's manual to enable it.

#### The MP710 will not Power ON

Check the following:

- Is the MP710 connected to your computer? If so, unplug it.
- Is the battery out of power? If so, please recharge the battery.

#### I cannot transfer files to the MP710

Unplug the MP710 from your computer, wait a moment, and plug it back in. If this does not work, try pressing the **"Reset"** button for 3 to 5 seconds.

#### Buttons aren't working

Is the LOCK icon ( ) displayed? If yes, press and hold e to unlock it.

#### I cannot hear audio playback

- Have you downloaded any music files onto the MP710? If not, then you must first do so from your computer or the Internet.
- Are the earphones properly connected to the earphone jack? If not, reconnect them.
- Is the volume loud enough? If not, increase the volume level until the music can be heard.

#### Song/album/artist name is not displayed correctly on the screen

- The default language of the MP710 is English. Please set the player to the appropriate language first.
- The MP710 music playback screen displays song details based on each file's ID3 tag information. You can modify the ID3 tags of your music files by using Windows Media Player or Winamp.
- If no ID3 tag data is available, only the file name will be displayed on the music playback screen.

#### Intermittent music playback

Unplug the earphones and plug them back in again to make sure they are securely connected.

#### MP710 Powers OFF automatically

The MP710 features **Sleep Timer** and **Auto Power Off** functions, which are power-saving features. You can preset your MP710 to Power-OFF automatically after 1~99 minutes. Please refer to the SETTINGS section for more information.

#### MP710 just isn't working properly

If your MP710 ever stops working properly, or locks up, try Powering it ON and OFF a few times, if this does not correct the problem, you can **Reset** the unit by pressing the "**Reset**" button for 3 to 5 seconds.

#### I cannot find the file that was just copied to the MP710

Re-copy the file and refer to the "Disconnecting from a Computer" section to remove the **MP710** after the copy process is completed.

#### A File that was just deleted still appears

Re-delete the file and refer to the "Disconnecting from a Computer" section to remove the **MP710** after the delete process is completed.

#### MP710 does not operate after formatting in Windows[®]

Formatting the MP710 using the "Quick Format," or "Full Format" option in Windows[®] erases the default system information that the MP710 requires to operate. To re-install the system information, please visit http://www.transcend-info.com/ and download a Firmware Update for your MP710.

#### How do I find out what Windows Media Player version I am using?

- Open your Windows Media Player program.
- Click on the "Help" menu and select the "About Windows Media Player" option.
- The version of your Windows Media Player will be displayed on the computer screen.

#### I cannot view Photo files on my MP710

The MP710 only supports ".JPG," ".BMP". Photo files, please make sure that the photo is one of these files types.

#### I cannot read E-book files on my MP710

The MP710 only supports "**.TXT**" E-book files, please make sure that the E-book is saved in Unicode UTF-8 or UTF-16 format.

#### Lyrics Sync: Why can't I see the words of the song I am listening to?

For detailed Lyrics Sync instructions, please link to the FAQ section on our website http://www.transcend-info.com/Support/FAQ-736/

# Recycling & Environmental Considerations |

**Recycling the Product (WEEE):** Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. When you see the crossed-out wheel bin symbol attached to a product, it means the product is covered by the European Directive 2002/96/EC:

Never dispose of your product with other household waste. Please inform yourself about the local rules on the separate collection of electrical and electronic products. The correct disposal of your old product helps prevent potential negative consequences on the environment and human health.

**Battery Disposal:** Your product contains a built-in rechargeable battery covered by the European Directive 2006/66/EC, which cannot be disposed of with normal household waste.

Please inform yourself about the local rules on separate collection of batteries. The correct disposal of batteries helps prevent potentially negative consequences on the environment and human health.

For products with non-exchangeable built in batteries: The removal of (or the attempt to remove) the battery invalidates the warranty. This procedure is only to be performed at the end of the product's life.

# Transcend Limited Warranty

"Above and Beyond" is the standard we set ourselves for customer service at Transcend. We consistently position ourselves to be significantly above the industry norm, which is all part of our commitment to Customer Satisfaction.

All **Transcend information, Inc. (Transcend)** products are warranted and tested to be free from defects in material and workmanship and to conform to the published specifications. During the warranty period should your Transcend **MP710** fail under normal use in the recommended environment due to improper workmanship or materials, Transcend will repair the product or replace it with a comparable one. This warranty is subject to the conditions and limitations set forth herein.

**Duration of Warranty:** The Transcend **MP710** is covered by this warranty for a period of two (2) years from the date of purchase. Proof of purchase including the date of purchase is required to collect on the warranty. Transcend will inspect the product and decide whether to repair or replace it. Transcend reserves the right to provide a functional equivalent product, or a refurbished replacement product.

**Limitations:** This warranty does not apply to product failure caused by accidents, abuse, mishandling, improper installation, alteration, acts of nature, improper usage, or problems with electrical power. In addition, opening or tampering with the product casing, or any physical damage, abuse or alteration to the product's surface, including all warranty or quality stickers, product serial or electronic numbers will also void the product warranty. Transcend is not responsible for recovering any data lost due to the failure of a flash memory device. Transcend **MP710** must be used with devices that conform to the recommended industry standards. Transcend will not be liable for damages resulting from a third party device that causes the Transcend **MP710** to fail. Transcend shall in no event be liable for any consequential, indirect, or incidental damages, lost profits, lost business investments, lost goodwill, or interference with business relationships as a result of lost data. Transcend is also not responsible for damage or failure of any third party equipment, even if Transcend has been advised of the possibility. This limitation does not apply to the extent that it is illegal or unenforceable under applicable law.

**Disclaimer:** The foregoing limited warranty is exclusive. There are no other warranties, including any implied warranty of merchantability or fitness for a particular purpose. This warranty is not affected in any part by Transcend providing technical support or advice. Please read Transcend's Warranty Policy in full to understand your rights.

#### Transcend Warranty Policy: http://www.transcend-info.com/Warranty

**Online Registration:** To expedite the warranty service, please register your Transcend Product within 30 days of purchase.
