Canon

EOS 100D

Quick Reference Guide

This quick reference guide explains the basic function settings and how to shoot and play back images. You can take this guide with you when shooting. For detailed instructions, refer to the EOS 100D Instruction Manual.

ENGLISH

Quick Start Guide

1 Insert the battery.

2 Insert a SD card.

3 Attach the lens.
Align the lens' white or red index with the camera's index in the matching color.

White index · Red index

4 Set the lens focus mode switch to <AF>.

5 Set the power switch to <ON>.

6 Set the Mode Dial to <🅰⁺> (Scene Intelligent Auto).

7 Focus the subject.
Aim the viewfinder center over the subject and press the shutter button halfway to autofocus.

8 Take the picture.
Press the shutter button completely to take the picture.

9 View the image.
The captured image will be displayed for 2 sec. on the LCD monitor.

- The ☆ on the right of the function indicates that the function is available only in Creative Zone modes.
- **Number of Possible Shots (Viewfinder Shooting)**

Temperature	No Flash	50% Flash Use
At 23°C / 73°F	Approx. 480 shots	Approx. 380 shots
