

Windows®. Life without Walls™. Samsung recommends Windows 7.

the Samsung R780

Looks better. Runs faster.

the Samsung R780.

Samsung's sleek and chic new Touch of Colour design delivers a cool, comfortable lifestyle experience with little touches engineered to make a big difference. The R780's finish features an appealing gradation of colours and eye-catching crystal S-pattern design while the new Intel® Core™ i3 processor provides blazing computing power. The low profile island keyboard makes for a seamless look and effortless typing experience. While the haptic-enhanced LED touch pad lights up its look and responds to your every touch. Samsung's new Touch of Colour stylishly ensures you never blend into the crowd.

Crafted for Style and Safety

Because a life on the go can often trip you up, the Samsung R780 was crafted to not let you down. In fact, its high quality craftsmanship extends as much to its exterior as to its high performance inner workings. Built to withstand bumps and knocks, the R780 comes with a robust, durable casing designed to keep its contents safe and sound as well as reduce the risk of scratches and fingerprints. And its ergonomic, stylish design makes it as coolly eye-catching as it is reliable.

Enhance your Entertainment

The R780 lets you play harder, play faster, play better. And it makes any and every movie instantly more gripping. With the latest NVIDIA GeForce 330M graphics card, advanced 3D graphics processing power, and a dedicated 512MB gDDR3 memory for superior graphic performance, you can get the most out of the latest state-of-the-art 3D computer games and action-packed High Definition movies. It's a power-packed performance package guaranteed to revolutionize your video viewing and gaming experience.

Easy-to-use Numeric Pad

With an expansive 17-key numeric keypad, hitting the right number key is easier than ever - especially if your fingertips are used to tapping away at your PC. Whether you're using Excel spreadsheets, doing calculations or playing video games, it all adds up: Samsung's numeric keyboard offers easy, enhanced usability.

Sleep-and-Charge / eSATA

Pack one less cord (or forget one less) on your next trip. The R580 lets you charge many of your mobile devices right through its USB charging port. And the R780 doesn't even have to be powered up. Go ahead, anytime, anywhere. Recharge your phone, your MP3 player and while you're at it, yourself.

R780 Specifications

Range		R Series
