### Product Description

The Kensington Keyboard for Life Wireless Desktop Set provides everything you need to turn your workstation into productivity central. The wireless keyboard features a thin sealed membrane that repels water and other liquids, keeping the wiring safe. It's full size with 6 rows including a numeric keypad, giving the touch typist a professional experience. The wireless mouse has a high definition 1000 DPI laser sensor, letting you move the cursor around your screen with precision control. The two-button, scroll wheel design is highly intuitive and works equally well for both right-handed and left-handed users. With a 2.4GHz nano receiver, your desktop stays uncluttered since there's no wiring to get in your way. And with Plug & Play installation, simply insert the receiver into your device and you'll be up and running in no time.

### Features

- Spill-proof protection on keyboard with a thin membrane that protects the electronics from liquids

- Full-size keyboard layout features six rows including numeric keypad

- 1000 DPI laser sensor on mouse provides high-definition tracking for enhanced performance

- Comfortable two-button, scroll wheel mouse design is ideal for mobile right-handed or left-handed users

- 2.4GHz wireless connection allows for complete freedom and mobility

- Plug & Play installation so you can be up and running quickly to start typing and scrolling

- Compatible with Windows® 8.1/8/7
