T-LBK766SE-BBSB-R — Dual Serial/Virtual Serial via USB Backlit (SE - Higher Speed Version)
T-LBK766-BBSB-R — Dual Serial/Virtual Serial via USB Backlit

The Topaz SignatureGem® LCD 4x5 is an advanced electronic signature pad with a large, bright QVGA (320x240) TFT LCD that captures and displays high-resolution "electronic ink" under the pen tip for a natural signature. Bundled secure software APIs provide for interactive text, graphics, and pen-tap hotspots and checkboxes which enable users to navigate screens, read agreements, and select preferred options.

SIGNATURE PAD BENEFITS

- Large, rugged signing area for long life
- QVGA TFT LCD display for customizability
- High-quality biometric and forensic capture techniques
- Topaz software suite bundled at no additional cost for complete signing and signature solution customization
