

LightStream™ Professional Color Home Entertainment Projector

True-to-Life Color + Smart Design

Pro7827HD

Featuring true-to-life color and a smart design, the ViewSonic® LightStream Pro7827HD 1080p projector delivers everything you need for big screen home entertainment. Equipped with a SuperColor™ RGBRGB color wheel, this projector fulfills sRGB and Rec.709 standards for an amazing, cinema-like experience – even in rooms with high ambient light. What's more, a vertical lens shift feature offers easy image adjustments and flexible installation for a home theater setup in nearly any room. And with stunning 1080p resolution, the Pro7827HD delivers perfect front of screen performance that can match the image quality of any Full HD TV screen. A smart and intuitive design includes PortAll™—a hidden compartment that features an MHL/HDMI port and an integrated Micro USB cable perfect for plugging in and powering wireless HDMI dongles. So whether wirelessly streaming content, projecting movies from a Blu-ray player, or playing video games on your favorite console, the Pro7827HD is the ideal projector for vibrant and immersive entertainment on the big screen.

Key Features:

- Full HD 1080p resolution
- SuperColor RGBRGB color wheel
- ISF certified color calibration tools
- Balanced color and brightness with 5 view modes
- Vertical lens shift
