

G203 PRODIGY

Wired Gaming Mouse

PLAY MORE. PLAY BETTER.

Play to your full potential by being more accurate than you've ever been before. G203 Prodigy is built around Logitech's cutting-edge 6000 DPI sensor. Gaming-grade performance ensures near-instantaneous response to movements and clicks.

Cutting-edge sensor

200 to 6000 DPI sensor for incredible tracking accuracy.

Gaming-Grade Performance

Up to 8x faster than standard mice.

Advanced Button Tensioning

Delivers a clean, consistent click feel and performance with less force.

6 programmable buttons

Setup custom one-click commands to simplify complex actions and shift sensitivity from 200 DPI for pixel-precise sniping to 6,000 DPI for lightning fast maneuvers.* Store them directly to the onboard memory and take them with you wherever you play.

Classic, comfortable design

Versatile design for gaming and everyday use inspired by our legendary G100S Gaming Mouse, a favorite of eSports pros worldwide.

Customizable RGB lighting

Match your style, system and environment with up to 16.8 million colors and different brightness levels.*

Product description

100-word description

Play to your full potential by being more accurate than you've ever been before. G203 Prodigy Gaming Mouse is built around an all-new 6000 DPI sensor. Like Logitech G Pro Gaming Mouse, G203 has a classic design and simple lines inspired by the legendary Logitech G100s Gaming Mouse. Gaming-grade performance ensures near-instantaneous response to movements and clicks. Choose your lighting from up to 16.8 million colors. Logitech leads innovative advances in gaming technology with over 30 years of experience researching and testing products in our state-of-the-art labs. With G203 Prodigy, the game gets better, and so do you.*
