Movie STUDIO
PLATINUM SUITE

A complete video and audio production studio

Movie Studio Platinum Suite takes video and audio production to the next level with a combination of tools for professional-quality sound design and video creation. Edit video in nearly any format including Sony AVCHD and 3D MVC. Use the included Sound Forge™ Audio Studio software for precise audio editing and select from the 50 Sony Sound Series: Production Music files to add the perfect soundtrack to your project. When you're ready, upload photos and videos to your free* Pixelcast™ Plus account and invite friends and family to collaborate. Pixelcast is a new website from Sony which makes it easy and fun to share and collaborate with others. You can also share your movies to YouTube™ and Facebook®, or author a DVD and Blu-ray Disc™ with customized menus and graphics.

Included with Movie Studio Platinum Suite:

- Movie Studio Platinum 12 software
- DVD Architect™ Studio 5 software
- Sound Forge™ Audio Studio 10 software
- Red Giant Magic Bullet Quick Looks
- NewBlueFX 3D Titling and Video Effects
- Jump Start Tutorial videos
- iZotope™ Vocal Eraser tool
- 50 Sony Sound Series: Production Music files

Create movies with special effects and transitions

Burn projects to DVD or Blu-ray Disc™ with custom menus and graphics

Pixelcast

Share movies on Pixelcast™, Facebook®, YouTube™, and portable devices

Powerful Video Editing

- Edit video in nearly any format including Sony AVCHD and 3D MVC
- Create and deliver flawless stereoscopic 3D projects in a variety of formats
- Access more RAM: install the 64-bit version of Movie Studio Platinum for improved performance
- Produce high-quality movies, as well as corporate or wedding videos on DVD or Blu-ray Disc™

Professional Sound Design

- Customize your audio with Reverb, EQ, and other effects
- Master audio files with Sound Forge™ Audio Studio software
- Record audio from nearly any source

Video Input and Output

- Share projects on Pixelcast**, YouTube™, and portable devices
- Export projects in 50p or 60p file formats
- Work natively with 3D MVC and MPO encoded media
Integrated 2D/3D DVD and Blu-ray Disc™ Creation

- Author and burn professional-looking DVDs
- Add custom menus, buttons, backgrounds, and navigation to DVDs
- Burn a high-definition Blu-ray Disc™ directly from the Movie Studio Platinum timeline

Soundtrack Creation

- Select the perfect soundtrack from the 50 Sony Sound Series: Production Music files
- Remove clicks, pops, and unwanted noise with included audio restoration tools
- Erase vocals from most songs to create custom karaoke tracks with the iZotope™ Vocal Eraser
