

THZ157EU | Vuscape™ Protective Cover & Stand for iPad with Retina display, new iPad

Targus Vuscape cases feature a form fitted design which holds and protects your iPad. A durable exterior for high performance protection combines with a super soft inner lining to protect your iPad screen. Vuscape cases are equipped with magnetic closure on the front cover which immediately wakes up your iPad and then shuts down after use, as well as a new integrated stylus loop which allows you to securely store your stylus. The case easily transforms into a hands free stand with a choice of different viewing and typing positions. The lightweight design makes the case easy to carry and offers access to all your iPad features and functions while still inside the case.
