Expression Photo XP-760

DATASHEET

This all-in-one photo printer with Wi-Fi is ideal for photo enthusiasts looking for a great all-rounder. The XP-760 uses high-quality Claria Photo HD inks to ensure your treasured memories will last for 300 years in a photo album¹. Epson Connect² helps make mobile printing a breeze and a large LCD touchscreen makes it incredibly easy-to-use.

Superior results

The XP-760 uses a six-colour inkset to deliver smooth tonal gradations, natural blacks and rich, vibrant colours for superior-quality photos.

Mobile printing

Epson Connect consists of Epson iPrint²– for easy wireless printing from smartphones and tablets; Epson Creative Print² – print photos directly from Facebook, and Epson Email print² – print from anywhere in the world by emailing photos and documents directly to the printer. AirPrint³ and Google Cloud Print are also supported.

Wireless connectivity

Automatic Wi-Fi set-up⁴ makes it quick and simple to connect to a Wi-Fi network or, alternatively, compatible devices can be connected via Wi-Fi Direct® without having to connect to a wireless router. Printing is also possible from Wireless PictBridge-compatible cameras.

Versatile printing

In addition to dual paper trays, the rear speciality media feed enables printing onto thick card and photo paper. Printing onto suitable CDs and DVDs is also possible, further expanding the possibilities. Fast print speeds mean you can print photos in just 10 seconds⁵.

Easy to control

As well as a motorised control panel and output tray and a 10.9cm interactive LCD touch-screen, the XP-760 includes a memory card slot for PC-free operation. Auto Power On automatically turns the printer on and opens the control panel and output tray when you start printing.

Actual print stability will vary according to the media, printed image, display conditions, light intensity, humidity, and atmospheric conditions. Epson does not guarantee longevity of prints. 2. Epson iPrint and Epson Creative Print require a wireless connection and the Epson printing apps. Email print, Epson scan-to-cloud and Epson Remote print driver require an internet connection. For more information, supported languages and devices, please visit www.epsonconnect.eu 3. AirPrint-enabled printers work with iPad (all models), iPhone (36S or later), and iPod touch (3rd generation or later) running the latest version of iOS. 4. Automatic set-up compatible with Windows 8, Windows 7, Windows Vista and Mac OS. 5. For test conditions visit www.epson.eu/testing
