

ZEBRA® P4T™/RP4T™ MOBILE PRINTER

Long-Life Labels, RFID Capability, On-the-Spot Efficiency

WORLD'S FIRST MOBILE THERMAL TRANSFER PRINTER WITH RFID

Meet Zebra's easy-to-carry P4T/RP4T, the first mobile thermal transfer printer with RFID printing/encoding capabilities. This uniquely flexible printer pulls together the advantages of thermal transfer image durability, optional RFID, advanced wireless connectivity options and included direct thermal print mode in a versatile variety of combinations.

LONG-LIFE THERMAL TRANSFER LABELS, TAGS AND RECEIPTS

As a thermal transfer printer, the P4T/RP4T delivers tested, durable genuine Zebra™ labels and documents up to 4" where and when needed. The recommended thermal transfer media withstands harsh and outdoor conditions and offers archival longevity ranging from 18 months to up to 10 years in outdoor applications. With excellent drop-/water-/dust resistance, the rugged printer is ideal for applications in harsh environments.

MOBILE RFID IS HERE AT LAST

With its order-now-or-later RFID option, the P4T/RP4T printer is perfect if you need point-of-application UHF EPC Gen 2 smart labeling for closed-loop or compliance applications today—or if you think you might need it in the future.

QUICK SPECS*

- Integrated UHF Reader/Encoder
- EPC Gen 2/ISO 18000-6C
- Multiple RFID power settings
- RFID counters to track good/bad labels

Print Methods

Thermal transfer with easy-loading ribbon cartridge or direct thermal

Resolution

203 dpi/8 dots per mm

Print Width

4.09"/104 mm

Media Capacity

Up to 2.6 O.D. roll

Communications

- Serial, USB
- Bluetooth® connectivity
- 802.11g WLAN with WPA2 security

Rugged Environmental Specs

Temperature, humidity, and drop specs for demanding outdoor applications

Accessories

Host of accessories for carrying, mounting and charging to meet your specific requirements

Get on-the-go productivity with on-the-spot labeling.
