

CyberPower

P2WU HOME OFFICE SURGE

Protect home and office computers, and electronics.

Combining form and function, the CyberPower P2WU protects electronics and the contemporary design helps it blend naturally in a modern home. The two side-facing outlets gives the front a clean look and the low profile contour helps it fit into tight spots.

As a surge suppressor, it will prevent electrical spikes from reaching your computers, home theater and small electronics. With three USB ports, the P2WU can conveniently charge three devices in one location. Plus, it's backed by a Limited Lifetime Warranty and a \$50,000 Connected Equipment Guarantee.
