Overview

HP Ultraslim Keyed Cable Lock

Secure your HP Ultrabook™ or laptop PC quickly and easily with the HP Ultraslim Keyed Cable Lock.

Key Benefits

- The slimmest lock available from HP, the HP Ultraslim Keyed Cable Lock is designed for the ultra-slim profile of HP Ultrabook™ PCs and offers compatibility with any HP notebook with a security lock slot.
- A 5.9 ft (1.80 m) vinyl-coated, galvanized aircraft-grade steel cable loops around any secure object and then attaches to the notebook with a push-button locking mechanism and a unique key (including a spare key).
- Swivel and adjust the cable 360 degrees to wherever you need to tether your PC to a table, desk, or other device.

NOTE: HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

HP Keyed Cable Lock

Secure your valuable IT hardware with this lock that consists of a 6-ft (1.83-m) vinyl-coated, galvanized aircraft-grade steel cable that loops around any secure object and then attaches to the computer or device you want to lock.

Key Benefits

- Features a push-button locking mechanism and a unique key (including a spare key) to unlock the cable.
- A small strap is also included to help manage or adjust the length of the cable as you place and use it.
- Swivel and adjust the cable 360 degrees to wherever you need to use it

NOTE: HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

HP Docking Station Cable Lock and HP Master Keyed Docking Station Lock

Use these locks to lock the docking station only (which also prevents access to the advanced docking stations drive bay) or lock both the docking station and the notebook.

Key Benefits

- Physically secure your notebook and docking station in just three steps.
- Secure the drive bay in your HP 120W or 230W Advanced Docking Station.
- Integrate into the HP Docking Station or HP Advanced Docking Station via the unique lock cavity providing enhanced security.

NOTE: HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

Overview

HP Combination Lock

Secure your valuable IT hardware with this combination lock and 6.5-ft (1.98-m) vinyl-coated, galvanized aircraft-grade steel cable that loops around any secure object and then attaches to the computer or device you want to lock.

Key Benefits

- 360 degree swivel hinge head allows for easier installation and removal
- Features a 4-digit combination lock with up to 10,000 possible settings that can be set by the user
- Reset function if combination is lost or forgotten (see user documentation)
- Includes shims for a more secure customized fit
- Galvanized steel locking housing

NOTE: HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.
