

HP Durable Banner with DuPont Tyvek

Overview

The new HP Durable Banner with DuPont™ Tyvek® is designed to provide consistently outstanding results for a wide variety of indoor and outdoor printing needs for commercial and signage print service providers (PSPs), trade show agencies, retail stores and Geographic Information Systems (GIS) professionals.

The extremely resilient banner material provides ideal image quality and vibrant colors and is tailored to accommodate customers demanding consistency, durability, fast dry time and reliability for a variety of needs – from single prints to a broad range of indoor and outdoor signage applications. Compatible with a wide range of HP Designjet printers using Original HP dye- and pigment-based inks, the HP Durable Banner with DuPont Tyvek is competitively priced without compromising performance.

Key features and benefits

- Extremely durable printing material – resistant to tears, fading and water damage for long-term resilience with no lamination required
- High versatility, achieving great image quality and excellent color vibrancy in both indoor and outdoor applications with fast dry time
- Ideal for trade show and event displays, point-of-purchase and point-of sale (POP/POS) and retail displays, signs, banners, long-lasting maps that are exposed to extreme weather conditions, and other GIS applications where durability is required
- Achieves a finished, professional-looking banner that is easy to hang, grommet and stitch
- Compatible with a broad range of HP Designjet large format printers – including T and Z series printers⁽¹⁾ – using Original HP dye- and pigment-based inks
