

Feel Free, It's Note!

- 5.3" large screen + Light & thin design
- The 1st HD Super A MOLED
- Minimum screen scrolling & transition
- S Planner: Intuitive scheduler

- Immersive screen with smartphone portability
- Easy tasking on the full screen
- Free capturing and creation
- Powerful performance

5.3" large screen + Light & thin design

Now, you can see bigger view and do more thing while on the go

The 1st HD Super A MOLED

HD quality (1280 x 800) Super AMOLED display gives you clear and crisp viewing experience anytime anywhere

Minimum screen scrolling & transition

By utilizing the 5.3" immersive screen, you will get free viewing experience with the need of minimum scrolling and screen transition.

S Planner: Intuitive scheduler

S Planner is a professional smart planner which makes you manage your complicated schedules very easily and intuitively as you do on your diary.

The best multi-input experience on the go (Free flow of S Pen & Touch)

The GALAXY Note combines full touch experience and the most advanced pen input technology. The free flowing input experience overcomes the current input limitations. S Pen features pressure sensitivity to make writing and drawing very similar to using an analog pen and is integrated into every single part of the GALAXY Note

S Memo: S Pen optimised advanced memo

With S Pen on the S Memo, you can record all types of ideas instantly and freely. You can even capture any type of idea such as photos, sounds, text, drawings and more through various input functions. And the handwriting digitization is available for the better contents management

Crop & Capture

Any screen can be captured and annotated with detailed commentary in your own handwriting. The GALAXY Note allows for screens to be captured in any shape or form using the precision, S pen.

Advanced 8MP camera

Professional Photography Functions

Capture the moment in detail and share the vivid view instantly

HSPA+ 21Mbps or 4G LTE 1.4GHz dual core processor

Experience the unrivaled web & application powered by lightning fast network speed (HSPA+ up to 21Mbps or 4G LTE) and 1.4GHz dual core processor

Expressive personalisation of photos and videos & Rich Communication of ideas and emotions

Photos and videos can be easily personalised using the advanced S pen. The S pen makes it possible to scribble in personalised notes about precious moments such as family outings, a baby's first walk and more. Communication is no longer limited to just text. Drawings, ideas, emotions, and more can be added into text messages and emails.

2,500mAh battery

Enjoy the powerful and creative GALAXY Note 24 / 7 with the strong 2,500mAh
