

# OtterSpot Wireless Charging System

OtterSpot Charging Base + 5 OtterSpot Wireless Batteries

## WIRELESS FAST PORTABLE POWER /

OtterSpot Wireless Charging System is the world's first expandable and shareable wireless charging system built specifically for the commercial environment. The entire system is Qi certified and works with Apple, Samsung, Google and other Qi enabled devices. OtterSpot is the new standard in mass-wireless charging for restaurants, hotels, lounges, lobbies, co-working spaces and more. The powerful and robust 60-watt charging base recharges five OtterSpot batteries and a device at the same time. Its commercial-specific design features a six-foot power cord for hard to reach places, base-to-battery security identification pins to deter theft and customization options for logos and promotions.

## Features /

- Charges multiple batteries and smartphones at once
- 10-watt wireless high-speed charging powers up your devices fast
- Anti-slip surfaces for safe device placement
- LED lights show battery capacity and wireless charging state
- Theft deterrent battery and base design
- Works with Apple, Samsung, Google and other Qi enabled devices
- 60-watt base simultaneously charges up to five (5) OtterSpot Wireless Batteries and one device
- Wirelessly charges devices without being tethered to cords; providing freedom and flexibility
