Complete Office Convenience

With the right tools, you can get the job done. This versatile 4-in-1 set gives your home office the accessory upgrade that puts everything in place. The set includes a mouse, keyboard, headset and mousepad that are specially designed for the home office; whether you're working on business or leisure projects.

Comfortable Typing

With the right keyboard, typing should be comfortable for hours on end. The keyboard in this set supports you throughout your day with silent typing, fold-out feet to get the right height, and a full-size key layout, offering control at your fingertips. Furthermore, the spill-resistant design makes it well suited for home office use.

Mouse Control

The wireless mouse gives ample working freedom with a 6m wireless range, plus you can easily store the USB micro-receiver when the day is done. The ambidextrous mouse can be operated by both left and right-handed users, and you can set your preferred speed with a speed-select button (1000 - 1600 DPI). The included mousepad has an optimised surface texture so you can operate your mouse smoothly.

Clear Calls

Take calls and manage meetings with clear sound. The adjustable, sensitive microphone picks up your voice clearly and you can manage the volume with the inline control. An adjustable headband and lightweight design make it a pleasant wear, no matter how long the call.
