

ThinkCentre M70t and M70s

Employee experience is a major factor in any company's growth and success. Better technology is proven to contribute to a better work environment especially as the nature of workspaces shift and shrink. Lenovo innovation delivers solid desktop solutions in sleek, modern designs and smaller form factors than ever before that provide a better computing experience for employees at all levels.

Packed with up to Intel® Core™ i9 processors, ThinkCentre M70t and M70s offer powerful performance now plus the added bonus of being able to expand to meet your unique needs and upgrade over time. Users can connect to up to three displays for maximum productivity and can work without worry knowing these desktops are protected by comprehensive ThinkShield security solutions. When it comes to technology designed with people in mind, big ideas really do come in smaller packages.

technology
for all

Lenovo

ThinkCentre M70t and M70s

PROVEN PERFORMANCE

If you can dream it, you can do it with ThinkCentre M70t and M70s. These powerful desktops boast up to Intel® Core™ i9 Processors and up to four DDR4 UDIMM (2933Mhz) with up to 128G memory support.

SECURITY INSIDE AND OUT

ThinkCentre devices allow your employees to innovate fearlessly with the reinforced security of ThinkShield, the most comprehensive, end-to-end security solution on the market that combines industry-leading hardware, software, services, and processes to protect your ideas and your business. ThinkCentre M70t and M70s have built-in ThinkShield features, such as dTPM 2.0 chips and Smart USB protection, in addition to many more security features that can be customized to meet your unique needs. Kensington™ Lock slots, chassis e-locks, and more options provide physical security to protect against theft.

PRACTICAL EXPANDABILITY

ThinkCentre M70t and M70s offer ample HDD and SSD expansion slots to grow with your business. From industry-specific equipment to legacy peripherals—you can connect it all.

PRODUCTIVITY BOOSTER

ThinkCentre M70t and M70s combine time-saving features, like Smart Power On, with features that improve productivity and ergonomic experience. These include the ability to connect to three displays and a USB-C port located on the front panel for quick and convenient data sharing and charging.

COMPREHENSIVE MANAGEABILITY

ThinkCentre M70t and M70s are easy to deploy and easy to manage from both a software and hardware standpoint. Lenovo offers a variety of pre-installed OS options to meet your customization needs. Expansion is hassle-free, as well, thanks to an ease-of-use design on ThinkCentre M70s that offers quick access to the DIMM, HDD, SDD, and ODD.

Lenovo™

purposeful design

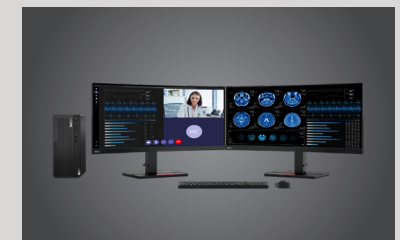

ThinkCentre M70t and M70s improve upon already near-perfect desktops with features like Smart Power On, which allows users to turn on the desktop using a simple keyboard shortcut. ThinkCentre M70s also comes with easy access to internal components and an optional vertical stand that raises the front of the PC for easier access to I/O ports when kept on the floor, reducing neck and back strain for users.

relentless innovation

We are inspired by our customers and what they want from our devices, and it shows in additions like fast-charge USB ports located on the front panel, Smart USB protection, and much more.

trusted quality

Lenovo's dedication to constantly improving product quality means rigorous testing for durability and reliability, which results in our products achieving one million hours mean time between failure. In addition to our extensive in-house testing for real-world challenges, Lenovo ThinkCentre M70t and M70s are tested against MIL-STD methods and procedures.

optional services

Lenovo offers a comprehensive portfolio of services to support and protect your ThinkCentre investment—so you can focus on your work, not your IT.

PREMIER SUPPORT

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

ACCIDENTAL DAMAGE PROTECTION (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage.

WARRANTY EXTENSION (3-YEAR BASE, UP TO 5 YEARS TOTAL)

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your valuable investment, and lower the cost of ownership over time.

accessories

LENOVO ESSENTIAL WIRELESS KEYBOARD AND MOUSE COMBO PN: 4X30M39458

This combo allows you to connect both keyboard and mouse using only one nano USB wireless receiver. The slim, wireless keyboard has a responsive key feeling, and includes an adjustable tilt leg, numeric keypad, and spill resistant design. The full-size wireless mouse accommodates left- and right-handed users.

LENOVO PRO WIRED STEREO VOIP HEADSET PN: 4XD0S92991

This headset offers the versatility of using the USB or 3.5mm connection, allowing users to stay connected with their PC or personal device. It also features a noise-cancelling microphone that eliminates background noise for better conversation. Set up is easy—simply plug in and go.

KENSINGTON® MICROSAVER™ 2.0 TWIN CABLE LOCK PN: 4XE0N80915

Secure two devices with the same cable lock. Engineered to be the smallest, strongest lock for desktop, laptop, monitors, and other devices, the MicroSaver 2.0 represents the next generation of cable security.
