

# GoFor2+ -USB OTG Card Reader with Hub for Mobile Devices

GOFRH202

- SD/microSD USB OTG Card Reader and 3-Port USB Hub
- Works with OTG compatible Android 4.0+ devices including Galaxy S4, Galaxy Tab 3, etc.
- Supports SDXC and microSDXC cards up to 64GB (32GB in OTG use)
- Perfect for adding storage or moving files between mobile devices and flash memory
- Add USB storage and/or keyboard & mouse

## USB On-The-Go Card Reader with Hub for Android Devices

The GoFor2+ USB OTG Card Reader and Hub works with select Android mobile devices as well as PC and Mac systems. The GoFor2 is the perfect companion to your OTG compatible Android smartphone or tablet, as it can be used with an SD or micro SD card to increase the storage capacity of your mobile device. The GoFor2+ also serves as 3-port USB hub to connect a USB flash drive, keyboard and mouse to make working from your smartphone or tablet much easier.

### What is USB On-The-Go (OTG)?

USB On-The-Go, or just OTG for short, is a specification that allows USB devices like digital music players, smartphones, tablets, etc. to act as a host for attachment of USB peripherals such as memory card readers, USB flash drives, and other peripherals. With OTG compatibility, your smartphone or tablet functionality can be expanded beyond its out-of-the-box capability.

### Card Reader for Android Devices

Plug your SD or micro SD card\* into the GoFor2+, then plug the GoFor2+'s micro USB connector into your Android device. You can view, transfer, add or delete music, images, documents, etc. to and from your mobile device or memory card.

### USB Hub for Android Devices

The GoFor2+'s built-in 3-port USB hub supports connection of a keyboard, mouse and/or USB flash drive to expand the memory and increase productivity with your mobile device when typing emails, notes and tasks on your device while On-The-Go.

### Compatible Android devices

This is a partial list of OTG compatible Android devices, so if your device is not listed but does have Android 4.0 or above, please check with your device manufacturer.
