SATELLITE A300/A300D

The 15.4" powerful all-rounder

Illuminated, feather-touch instant-on buttons – our Toshiba EasyKeys – give you the most intuitive access to multimedia entertainment.

Renowned Harman Kardon® speakers produce sensational high-quality sound endowing you with a world-leading digital life style.

The 1.3 megapixel web camera with Toshiba Face Recognition software makes sure that only authorised users get access to your machine.

Have you ever wanted a notebook that felt like it was tailor-made for you? Then take a closer look! The Satellite A300 has the widest range of models available so you are in charge and you get to choose the machine configurations that are perfect for your needs and your pocket. The casing of the laptop features a new, striking and highly durable design imprinted using the Toshiba special Fusion finish. It comes fully equipped with Toshiba EasyMedia – a unique mix of innovative features – that make communicating, entertainment and computing smarter and easier. Additionally this machine gives you first class graphics, high-quality Harman Kardon® stereo speakers and Dolby® Sound Room™ for a truly immersive experience.

INTENSIFY YOUR SENSES

The ATI Mobility Radeon™ graphics technology produces the best multimedia images and most real-life visual experience.

KEEPS GOING WHILE IT SLEEPS

Charge a mobile phone, PDA, MP3 player, gaming console or other device even when the laptop is turned off.

EASY AND RELIABLE CONNECTIVITY

The patented Toshiba Diversity Antenna provides a stable, reliable wireless experience by automatically adjusting signal reception for optimal connectivity.

Toshiba recommends Windows Vista® Home Premium

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: computers.toshiba-europe.com and/or contact Toshiba Technical Support. • Graphics processor unit (GPU) performance may vary depending on product model, design configuration, applications, power management settings and features utilized. • Part of the main system memory may be used by the graphics system and therefore reduce the amount of main system memory available. • For PCs configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. • For information about upgrading your system memory please refer to the user manual or contact your local Toshiba service provider. • One GB means one billion bytes, accessible capacity may be less. • Wired and wireless communication capabilities to be applied in countries where approved. • Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at computers.toshiba-europe.com. • Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. • Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. • Please check your system specifications to ensure optimal results. • Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis.
