VPC190

19" (18.5" VIEWABLE) ALL-IN-ONE PC

Modernize your Desktop

The ViewSonic® VPC190 All-in-One PC features a ergonomic monitor type design that looks good and works great on any desktop. The 19" (18.5" viewable) LCD display with the latest built-in Intel® Atom D510 1.6Hz processor with Microsoft® Windows® 7 gives you all the computing power you need. This compact, but versatile PC can operate independently, hardwired into a LAN network or work wirelessly in any 802.11b/g WiFi network. Easily transfer and share files, photos and more through the six USB 2.0 ports or the 4-in-1 card reader. It's the smart solution for call centers, libraries, school computer labs, home desktops and anywhere else space is at a premium.

> View documents and surf the Internet in crisp detail on the high resolution 18.5" screen

> The Intel Atom D510 1.6GHz processor with 2GB of memory provides plenty of power for desktop computing

> Six high-speed USB 2.0 ports provide easy connections for peripherals

> 4-in-1 card reader allows for easy file transfers

> Easily integrates into a LAN network through the 10/100 Ethernet LAN connection

> Stay connected wirelessly through 802.11b/g WiFi connectivity

> Integrated 1.3 megapixel webcam make it easy to interact with friends and co-workers

> 2x3-watt speakers complement video conferencing and Internet browsing
