

GUD3C02

USB-C Ultra-Slim Docking Station with Power Delivery Pass-Thru

- Stylish and ultra slim docking station
- Supports versatile video options: HDMI (4K), Mini DisplayPort (4K) and VGA
- Get the most bang for your buck
- Charge your laptop while docked - Power Delivery Pass Through
- Instantly dock up to 10 devices, including built-in memory card readers

Turn Your Laptop into a Complete Workstation

Add the perfect companion to your USB-C laptop and turn it into a complete workstation. Whether you are on-the-go or docking at a workstation, this ultra-slim docking station works as hard as you do. With it's stylish design, it will seamlessly fit into your setup. Now you can easily add a full-sized keyboard and mouse, external hard drives, printers, webcams by connecting only one cable to your setup.

- Stylish and ultra slim docking station
 - Instantly dock up to 10 devices including
 - 3 x USB 3.0 (USB Type-A) with 1 x BC 1.2 Quick Charge Port
 - Built-in memory card readers (SD/MMC/Micro SD)
 - 3.5mm audio input/output
 - Gigabit Ethernet
 - HDMI (4K), Mini DisplayPort (4K) or VGA
 - Charge your laptop while docked- Power Delivery pass-through*
 - Stunning 4K resolution
- * Power Delivery pass-through requires USB-C charger from your laptop. A total of up to 60W can be charged to the laptop after deduction of 15W is used by the dock.
- ** Pass-thru power delivered to the laptop is dependent upon the capacity of your USB-C power supply. Ex. If your USB-C power supply is 60W, then the maximum power can be delivered to the laptop is $60W - 15W = 45W$. If your power supply is 87W, then the maximum power can be delivered to the laptop is 60W.
- ** When using the HDMI or VGA ports, only one video output is supported at a time (either VGA or HDMI)
- ** When using the MiniDP or VGA ports, only one video output is supported at a time (either VGA or MiniDP)
- ** For best video performance, it is recommended to have direct connection between your external displays and the docking station, without using an adapter between the docking station and the display or video cables

Requirements

Package Contents
