The result of years of customer research and end-user feedback, the new Mobile Edge EVO Pack represents the next evolution for computer backpacks. Of course, you'll find great protection for PC laptops with up to 16" screens and the 17" MacBook Pro. Next we designed sixteen interior and exterior pockets for all your personal items and travel accessories. Then we added a workstation to hold memory cards, flash drives, business cards, pens and pencils, plus a pocket for your iPod or MP3 player. More importantly, we included our Cool-Mesh padded back-panel and shoulder straps for user comfort along with a ruggedized bottom panel for durability. Topped off with the great styling, quality construction and lifetime warranty that you've come to expect from Mobile Edge and this may be the perfect computer backpack!
