

HDBaseT HDMI over Cat5e/6/6a Extender Kit with Power and IR Control, 4K x 2K UHD/1080p, Up to 328 ft.

MODEL NUMBER: **BHDBT-K-PI-LR**

Description

The BHDBT-K-PI-LR HDBaseT HDMI over Cat5e/6/6a Extender Kit extends uncompressed HDMI audio and video and IR remote control signals up to 328 feet over a single Cat5e/6/6a cable, including an Ultra High Definition(UHD) 3840 x 2160(4K x 2K) signal.

In addition to HDMI and IR signals, this extender kit features built-in PoE technology, which powers the receiver over Cat5e/6/6a cable, eliminating the need for an external power source. The two-way IR remote control feature(@ 39 KHz) lets you control your Blu-ray player or other HDMI source using its remote when at the remote monitor or control your remote monitor using its remote when at the Blu-ray player. Locking HDMI ports(ideal for use with Tripp Lite's [P569-006-LOCK](#) high-speed HDMI cables with locking connectors) on both the transmitter and receiver prevent cables from coming loose or undone, ensuring an intact signal.

The plug-and-play BHDBT-K-PI-LR supports 7.1-channel surround sound, DTS-HD and Dolby TrueHD audio, as well as 3D video, EDID and HDCP. Attach the transmitter and receiver units to a wall, rack or pole with the included mounting hardware.

Features

Extends HDMI Video/Audio and IR Control Signals with Power Over a Single Cat5e/6/6a Cable

- Ideal for digital signage, classrooms, retail locations, conference rooms and trade show booths
- Extends an Ultra High Definition(UHD) 3840 x 2160(4K x 2K) signal up to 328 ft.
