

32-Device AC Charging Cart with Secure Storage and Cord Management for Chromebooks and Laptops, Black

MODEL NUMBER: **CSC32AC**

Description

The CSC32AC 32-Device AC Charging Cart provides AC charging, secure storage, cord management and mobility for up to 32 Chromebooks and laptops. It's ideal for education, office, commercial, retail, industrial and healthcare environments.

32 AC outlets provide convenient charging. Chromebooks and ultra-portable laptops charge through their AC adapters (up to 1,440 watts total).

The cart provides comprehensive device protection, with steel construction and a powder-coated finish for long-term durability. It locks with the included keys to prevent device theft, damage or tampering, and flow-through ventilation prevents overheating.

The cart also provides clutter-free organization of devices and cabling. AC outlets, power adapters and cords store out of sight. Toolless trim panels permit quick service access.

When moving devices from room to room, the cart provides effortless mobility. Large, non-marking swivel casters deliver a smooth ride and lock to prevent unwanted movement at rest. The wide-grip push-pull handle permits easy cart control.

The cart is easy to configure. The cabinet ships fully assembled, and the handle and cord wrap attach on either side. The front doors open 180 degrees for unrestricted device and service access. Rear-panel slots support optional wall-mount installation and removable dividers accommodate thicker devices.

Features

Convenient Charging

- 32 AC outlets charge Chromebooks and laptops through their AC adapters
- Stores devices up to 16 in. (16.5 x 10.5 x 1.5 in. with power cord)
- 10 ft. AC input cord reaches distant outlets

Highlights

- AC charging and storage for 32 Chromebooks and laptops
- Locking steel cabinet with flow-through ventilation
- Adjustable device dividers and integrated cord management
- Wide-grip handle and large, non-marking caster wheels
- 10 ft. power cord and built-in AC outlets for each device

Package Includes

- CSC32AC 32-device AC charging cart
- (2) Keys for door lock
- Cart handle with mounting hardware
- Input cord wrap with mounting hardware
- Hex key for included mounting hardware
- Owner's manual

Comprehensive Protection

- Sturdy steel construction and powder-coated finish provide long-term durability
- Doors lock with included keys to prevent device theft, damage or tampering
- Extra-secure 3-point locking mechanism latches doors at top, middle and bottom
- Built-in hasp and user-supplied padlock can replace or supplement built-in lock
- Rear security ports accommodate user-supplied bicycle cable or chain lock
- Flow-through ventilation prevents devices from overheating
- Coated shelves shield devices from scratches and scuffs
- Cord access ports have rubber grommets to prevent damage
- Built-in circuit breakers protect against overloads

Clutter-Free Organization

- AC outlets, device AC adapters and cords store out of sight
- Shelves include charging cord access ports for each device
- Toolless trim panels permit quick access to AC adapters and cords
- Staggered outlets fit bulky power adapters without blocking adjacent outlets
- Compact unit fits in same space as typical utility cart

Effortless Mobility

- Large 4 in. non-marking swivel casters deliver smooth ride
- Casters lock to prevent unwanted movement at rest
- Wide-grip push-pull handle permits easy cart control
- Cord wrap keeps input cord out of the way when moving cart
- Handle and cord wrap mount on either side of cart

Flexible Configuration

- Cabinet ships fully assembled – just attach handle and cord wrap
- Doors open 180 degrees for unrestricted device and service access
- Split doors reduce clearance requirements
- Rear-panel mounting slots support optional wall-mount installation
- Removable dividers accommodate thicker devices like battery chargers
