2U Blank Panel with Tool-less Installation - Filler Panel for Server Racks and Cabinets

StarTech ID: RKPNLTL2U

You can improve the appearance and airflow of any standard 19-inch server rack in seconds, using this 2U blanking panel.

Professional look

The blanking panel creates a clean and professional look by covering empty space and visible cables. Adding blanking panels to your server racks offers a tidier appearance for a more organized server room.

Tool-less installation

For fast and easy installation, this 2U panel features a tool-less design that latches onto a standard 19 in. server rack, saving you time and hassle.

Improve airflow

The blanking panel features a solid design that helps guide airflow down the back of your rack, rather than passing between occupied spaces. Improved airflow helps ensure your rack-mounted equipment is running at an optimal temperature.

The RKPNLTL2U is backed by a 2-year StarTech.com warranty and free lifetime technical support.

Applications

- Fill in unused gaps between equipment in server racks and cabinets
- Help guide the airflow along the back of your rack, instead of passing through your equipment

Features

- Create a tidy and professional look by covering unused rack space
- Hassle-free installation with tool-less design
- 2U panel that mounts to any standard 19 in. 2 or 4-post rack
