

MICROPHONE STAND

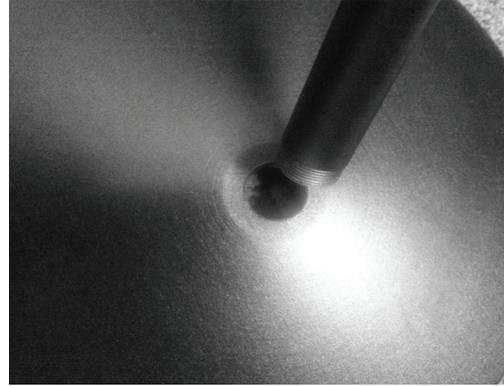

QUICK GUIDE

PMKS32

SETUP

1. Place the larger pole onto the hole of the iron base.

2. Combine threaded pole with brace and tight hold rings

3. Screw the gooseneck into the top of the pole.

4. Screw the mic holder into the top of gooseneck.

5. Loosen the brace on the pole and then adjust it to desired height.

6. Tighten the brace securely afterwards.
