

APC J Type Power Conditioners with Battery Backup

Pure sine-wave battery backup and guaranteed surge protection deliver pure, uninterrupted power for high performance AV, home security, and home theater systems.

Never let a power disruption interrupt your life again.

During a power disturbance, the APC J Type allows you to:

- Eliminate interruptions
- Continue DVR recordings
- Protect hard drives and display bulbs
- Monitor home automation and security systems

APC J Type Power Conditioners with Battery Backup

Product Details	J10BLK	J15BLK	J25B	J35B
Input Voltage	120 V	120 V	120 V	120 V
Input Connection	NEMA 5-15P	NEMA 5-15P	NEMA 5-15P	NEMA 5-15P
Rated VA Capacity	1,000 VA	1,500 VA	1,500 VA	1,500 VA
Rated Watt Capacity	600 W	865 W	865 W	865 W
Output Connections	(12) NEMA 5-15R Battery Backup		(6) NEMA 5-15R Battery Backup, (2) NEMA 5-15R Surge Protected	
Coax Protection	3 Pair	3 Pair + Splitter	1 Pair	1 Pair
Tel/DVR/SAT/DSL Protection	2 Pair	2 Pair	None	1 Pair
Outlet Bank Features	Sequenced Turn On/Off		N/A	Master and Controlled by Master
Estimated Runtime at Half-Load	18 Min	14 Min	12 Min	20 Min
Estimated Runtime at Full-Load	6 Min	4 Min	4 Min	6 Min
Communication	LCD Status and Control Console			
Product Warranty	2 Years		3 Years	
Lifetime Equipment Protection Policy	\$750,000 Lifetime		\$350,000 Lifetime	

The **J10BLK** and **J15BLK** models reduce electromagnetic and radio frequency interference (EMI/RFI). Each filter bank is electrically isolated from each other to prevent noise generated by one component from polluting other connected components.

J15BLK

The **J35B** offers boost and trim automatic voltage regulation (AVR) which eliminates voltage fluctuations as a source of AV signal degradation and component power-supply stress without using the internal battery.

J35B
