FEATURES

TECHNICAL SPECIFICATIONS

## PUBLIC DISPLAY MODE

From channel selection to energy-saving features, you can control the TV settings in your business area with Public Display Mode. Prevent misuse by customers, set volume limits, or reset the default settings for any TV. You are in control of it all.

## USB CLONING

The USB Cloning feature allows you to simply copy the TV settings to all TVs using a USB stick, a process that is simplified to save a lot of time without having to set each TV one by one.

## WELCOME SCREEN

## ANTI-THEFT SYSTEM

Having a warm greeting message with your business name and logo on the TV when clients enter the space will make them feel more welcome and cared for.

The Anti-Theft System provides lock down security to prevent the TVs from being stolen, consisting of Kensington Lock and Lock Down Plate.

**RS232C CONTROL**

The RS232C port allows you to remotely manage and control multiple TV's power and volume simultaneously.

**EXTERNAL SPEAKER OUT**

By adding an additional speaker, visitors can listen to the TV sounds from elsewhere in your business area. Even in the restroom, they can hear and control the TV sound, expanding their entertainment and convenience.

**IR OUT**

The IR Out enables customised set-top boxes to receive IR signals via the LG TV Signage with the STB remote control. It provides added convenience with simpler connection and allows easy management using a single remote control.

**USB 2.0**

You can play saved images and videos from external USB storage devices and record TV programs to external USB storage devices. Immediate recording and reserved recording options are also possible.

Design, features and specifications subject to change without notice. Screen images simulated and/or dramatized. Some features in videos may not be available on all models. Please refer to the TECHNICAL SPECIFICATIONS tab for a complete list of features by model.
