

Discover Full HD 1080p LED picture quality contrast with the slim Sony® EX521-Series HDTV. Enjoy incredible contrast plus a wealth of other innovative features like internet connectivity so you can Skype™ with friends or access a world of online movies, TV episodes, music, and more.² You also get Sony's latest technology, X-Reality™ Engine, that improves image quality, pixel-by-pixel, for an even sharper picture.

Full HD 1080p Resolution

Experience amazing Full HD 1080p picture quality, the highest at-home resolution. Take full advantage of HD sources like a Blu-ray Disc™ Player or PlayStation®3 gaming console via the 16:9 wide screen panel (1920 x 1080).

Edge LED Backlighting

Experience the next level of picture quality and contrast with Sony's Edge LED Backlight technology. This technology sharpens image contrast giving an amazingly crisp picture you can see. The ultra-thin backlight system allows for a slimmer, sleeker design.

X-Reality™ Engine

Enjoy a vivid, lifelike picture experience. Sony's X-Reality engine brings out the best by analyzing each scene so you see sharpened images, and amazing contrast detail.

Internet Streaming & Connectivity

Internet Streaming:

Internet favorites now streaming on your television. In addition to Qriocity™, watch hit movies with Netflix®, popular TV shows on Hulu Plus™ or user-generated video on YouTube™. You can even listen to personalized music on Pandora®. Enjoy the widest selection of internet content at your fingertips.¹

brbr

Skype™ Ready: Easily connect to family and friends live on your HDTV wherever they are with Skype! Enjoy free high definition Skype-to-Skype video calls from the comfort of your living room. Simply attach the Sony® compact microphone/camera (required, sold separately) and see your friends on the big screen – it's unlike any experience you could get on a PC.²

brbr

Wi-Fi® Ready:

Going wireless is easy with the UWA-BR100 Wi-Fi® adapter (sold separately). Just plug it in and get ready to stream movies, photos, music and videos straight to your TV from the Internet or your home network.¹

brbr

DLNA® Streaming:

Access and share photos, videos and music on your TV by streaming them from compatible DLNA® device like your PC or Playstation®3 system.³

Presence Sensor

Save energy when you're not around. The television's built-in motion sensor has the ability to scan the room and detect movement. If the sensor detects no movement it automatically turns off the picture leaving only sound. After more time and no movement, the TV turns itself off minimizing any unnecessary power draw.

Navigation Made Easy

Enjoy an easy-to-use menu that allows you to navigate additional content or adjust the picture settings while watching your favorite program.

Faster Start-Up

Quick Start & Viewing feature enables this Sony television to go from 'OFF' to 'ON' 2-3 times faster than previous Sony televisions.

USB Photos, Videos & Music

Share your photos on the big screen or listen to your favorite music. Simply connect your digital camera, USB-enabled MP3 player, or USB storage device directly to your HDTV's USB input.

LightSensor™ Technology

Enjoy customized picture brightness and save energy without lifting a finger. The built-in Light Sensor automatically adjusts the picture brightness based on the amount of light in the room.

BRAVIA® Sync™ Compatible

Conveniently operate and control other BRAVIA® Sync™ compatible devices - including BRAVIA® HDTVs, Blu-ray Disc™ Players, surround sound systems, Handycam® camcorders and Cyber-shot® digital still cameras, all with one remote control.
