

Healthcare solutions for care delivery at hospitals

HP has a broad portfolio of products and solutions ideally suited for healthcare applications.

Our goal is to streamline patient care, optimize clinical workflows, and make vital information readily accessible to authorized caregivers. Our PCs, displays, and accessories are built for use in healthcare organizations. Protect your patient data on the world's most secure PCs.*

*Based on HP's unique and comprehensive security capabilities at no additional cost among vendors on HP Elite PCs with Windows and 8th Gen and higher Intel® processors or AMD Ryzen™ 4000 processors and higher; HP ProDesk 600 G6 with Intel® 10th Gen and higher processors; and HP ProBook 600 with AMD Ryzen™ 4000 or Intel® 11th Gen processors and higher.

EMERGENCY DEPARTMENT

HP healthcare solutions

Patients experiencing an emergency often require urgent assistance. Caregivers need immediate access to as much information as possible, as fast as possible.

A

HP EliteOne 800 G5 Healthcare Edition All-in-One PC with Touch

Help boost clinical efficiency and protect critical data with the HP EliteOne 800 G5 23.8" Healthcare Edition AiO. This powerful system is easily sanitizable and enhanced with robust security and collaboration features and optional, integrated authentication tools to reduce your TCO (total cost of ownership).^{1,2}

B

HP USB Keyboard and Mouse Healthcare Edition

Complete your healthcare solution and make the most of your workspace with a sleek, white, IP65-rated keyboard and mouse.³

C

HP ScanJet Enterprise Flow 7000 s3 Sheet-Feed Scanner

Give your office high-volume scanning performance. Easily download software—including Kofax VRS 5.1 Professional—that helps you save time and capture confidently. Achieve scan speeds up to 75ppm/150ipm.⁴ Recommended for 7,500 pages per day.

D

HP Color LaserJet Enterprise M577c Flow Multifunction Printer

Digitize patient records at the point of care and boost clinical efficiency without sacrificing productivity. With Original HP Toner cartridges with JetIntelligence, this color MFP produces more vibrant, professional-quality pages.⁵ Protect critical patient data with built-in, multi-level device security.⁶ The M577f is ideal for enterprises and medium businesses that need a secure, highly productive, energy-efficient color MFP.

E

HP Healthcare Edition HC241 Clinical Review Display

Deploy a display (and optional stand kit) optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241. It's built for easy, repeatable 'sanitization' after every patient engagement and is DICOM Part 14 compliant for accurate viewing of medical images.

F

HP Engage Pro-C Flex

Powered for the enterprise, the HP Engage Flex Pro-C provides maximum performance to healthcare professionals when they need it. The compact design makes this fixed PC perfect for use in multiple hospital locations, from care delivery to back-office.

G

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC270cr Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.⁷

H

Medical carts from HP Third Party Partners

HP offers telehealth, point-of-care, and other mobile medical carts from leading vendors including Ergotron, Howard Medical, and Jaco through its third-party solution catalog or Zebra through the HP Managed Print Services Program.

+

HP JetAdvantage Link Platform for Healthcare

Ensure HIPAA compliance with EMR, EHR, EHP, and other healthcare document exchange systems.

1. Select HP Healthcare Edition products have been tested with Clorox Healthcare® Bleach Germicidal Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes: HP EliteBook 840 G6 Healthcare Edition, HP EliteOne 800 G5 Healthcare Edition, HP EliteBook 840 G5 Healthcare Edition, HP EliteOne 800 G4 Healthcare Edition, HP Healthcare Edition HC270cr Clinical Review Display, HP Healthcare Edition HC271 and 271p Clinical Review Displays, and HP Healthcare Edition HC241 and 241p Clinical Review Displays. Solution tested as of February 2018. Chemical composition is subject to change. Tested to simulate up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions and wipe manufacturer's disinfecting guidance. Repeated use of these germicidal wipes may cause some cosmetic changes to the product. 2. The HP EliteOne 800 G5 23.8" Healthcare Edition AiO is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. Authentication tools sold separately as configurable options. 3. IP65 test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 4. Scan speed measured at 300dpi (black-and-white, grayscale, and color). Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software. 5. More pages versus predecessor cartridges claim based on page-yield comparison of HP 507A High Yield Original LaserJet Toner Cartridges with HP 508X High Yield Original LaserJet Toner Cartridges. For more information, see hp.com/go/learnaboutsupplies. 6. Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printsecurity. 7. PC sold separately. See product QuickSpecs for exact device and display compatibility.

Patients often create or update their records at reception, providing sensitive information including insurance details and medical histories.

A

HP Engage One

HP Engage One is an All-in-One Touch screen computer providing a tablet-like experience for the healthcare professional. With a premium Edge-to-Edge 14" diagonal display, sleek design and multiple mounting options, this device makes patient check-in a seamless experience.

D

HP Engage Go

Tailor a mobile solution that's equally comfortable for 1-to-1 interaction or self-service with an optional, easy-to-hold case and magnetic stripe reader or barcode scanner.⁵

B

HP EliteOne 800 G5 Healthcare Edition All-in-One PC with Touch

Help boost clinical efficiency and protect critical data with the HP EliteOne 800 G5 23.8" Healthcare Edition AiO. This powerful system is easily sanitizable and enhanced with robust security and collaboration features and optional, integrated authentication tools to reduce your TCO (total cost of ownership).¹

E

HP MP9 G4

HP MP9 G4 micro form factor platform delivers high performance and high versatility in a stylish chassis for the modern hospital. Whether you need to power a wayfinding kiosk or digital signage, you can count on this compact computing device to deliver.

C

HP PageWide Enterprise Color Flow MFP 586z

HP PageWide Technology delivers the ultimate value,² fastest speeds,³ and deepest security⁴ for the lowest total cost of ownership in its class.² Power your productivity with seamless workflow features.

+

HP DaaS Analytics and Proactive Management

HP Device as a Service (DaaS) Analytics and Proactive Management boosts productivity and device uptime using actionable, predictive analytics. Frequent reporting and a consolidated dashboard help you track hardware and software inventory and monitor device health.⁶

+

HP Patient Identification Printing Solution

Print color laser wristbands and patient admission packets on the same secure multi-function scanner and printer. Improve patient location and identification by printing RFID patient wristbands leveraging HP and Zebra's Global MPS Partnership.

1. Select HP Healthcare Edition products have been tested with Clorox Healthcare® Bleach Germicidal Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes: HP EliteBook 840 G6 Healthcare Edition, HP EliteOne 800 G5 Healthcare Edition, HP EliteBook 840 G5 Healthcare Edition, HP EliteOne 800 G4 Healthcare Edition, HP Healthcare Edition HC270cr Clinical Review Display, HP Healthcare Edition HC271 and 271p Clinical Review Displays, and HP Healthcare Edition HC241 and 241p Clinical Review Displays. Solution tested as of February 2018. Chemical composition is subject to change. Tested to simulate up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions and wipe manufacturer's disinfecting guidance. Repeated use of these germicidal wipes may cause some cosmetic changes to the product. 2. Total cost of ownership comparison based on 150,000 pages, manufacturers' published specifications for page yields and energy use, manufacturers' suggested retail price for HP hardware and supplies, average street prices for competitive devices, cost per page based on ISO yield with continuous printing in default mode with highest-available-capacity cartridges, and long-life consumables of all color business A4 MFPS \$1,000-\$3,000 USD as of November 2015, excluding products with 1% or lower market share using market share as reported by IDC as of Q3 2015. Learn more at hp.com/go/pagewideclaims and hp.com/go/learnaboutsups. 3. Comparison of enterprise devices based on manufacturers' published specifications of fastest available color mode of color business A4 MFPS \$1000-\$3000 USD as of November 2015, excluding other HP PageWide products, and products with 1% or lower market share using market share as reported by IDC as of Q3 2015. HP PageWide speeds based on general office mode and exclude first page. Learn more at hp.com/go/printerspeeds. 4. Only HP enterprise-class devices with FutureSmart offer a combination of security features for integrity checking down to the BIOS with self-healing capabilities. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printershatprotect. 5. Sold separately as a configurable option. 6. HP DaaS plans and/or included components may vary by region or by authorized HP DaaS service partner. Please contact your local HP representative or authorized DaaS partner for specific details in your location. HP services are governed by the applicable HP terms and conditions of service provided or indicated to customer at time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP limited warranty provided with your HP product.

Attending physicians must be able to access patient records and test results quickly and securely while consulting with the patient, and schedule additional tests and follow-up visits.

A

HP EliteOne 800 G5 Healthcare Edition All-in-One PC with Touch

Help boost clinical efficiency and protect critical data with the HP EliteOne 800 G5 23.8" Healthcare Edition AiO. This powerful system is easily sanitizable¹ and enhanced with robust security and collaboration features and optional, integrated authentication tools to reduce your TCO (total cost of ownership).

B

Medical carts from HP Third Party Partners

HP offers telehealth, point-of-care, and other mobile medical carts from leading vendors including Ergotron, Howard Medical, and Jaco through its third-party solution catalog or Zebra through the HP Managed Print Services Program.

C

HP t630 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and help keep your data safe with a combination of off-device cloud data storage and built-in protection.

D

HP Healthcare Edition HC241 Clinical Review Display

Deploy a display (and optional stand kit) optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241. It's built for easy, repeatable sanitization² after every patient engagement and is DICOM Part 14 compliant for accurate viewing of medical images.

E

KSI 1700 SX HFFFB-16 Keyboard (HP 3PS partner)

Durable, sanitizable keyboard from KSI with biometric fingerprint reader and RFID badge reader.²

F

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC270cr Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.³

1. Select HP Healthcare Edition products have been tested with Clorox Healthcare® Bleach Germicidal Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes: HP EliteBook 840 G6 Healthcare Edition, HP EliteOne 800 G5 Healthcare Edition, HP EliteBook 840 G5 Healthcare Edition, HP EliteOne 800 G4 Healthcare Edition, HP Healthcare Edition HC270cr Clinical Review Display, HP Healthcare Edition HC271 and 271p Clinical Review Displays, and HP Healthcare Edition HC241 and 241p Clinical Review Displays. Solution tested as of February 2018. Chemical composition is subject to change. Tested to simulate up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions and wipe manufacturer's disinfecting guidance. Repeated use of these germicidal wipes may cause some cosmetic changes to the product. 2. See user guide for cleaning instructions. 3. PC sold separately. See product QuickSpecs for exact device and display compatibility.

PATIENT CARE ROOM 2

HP healthcare solutions

Mobile carts move from room to room carrying healthcare supplies and equipment, including a PC for accessing and updating patient records.

A

HP EliteOne 800 G5 Healthcare Edition All-in-One PC with Touch

Help boost clinical efficiency and protect critical data with the HP EliteOne 800 G5 23.8" Healthcare Edition AiO. This powerful system is easily sanitizable and enhanced with robust security and collaboration features and optional, integrated authentication tools to reduce your TCO (total cost of ownership).^{1,2}

D

HP Healthcare Edition HC241p Clinical Review Display

Deploy a display optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241p. It is built for easy, repeatable sanitization after every patient engagement and features a built-in privacy screen to help protect patient confidentiality.^{1,5}

B

HP USB Keyboard and Mouse Healthcare Edition

Complete your healthcare solution and make the most of your workspace with a sleek, white, IP65-rated keyboard and mouse designed for clinical settings.^{3,4}

E

HP MP9 G4

HP MP9 micro form factor platform delivers high performance and high versatility in a stylish chassis for the modern hospital. With options like Windows or FreeDOS, you can count on this high efficiency, energy-saving, compact computing device to power your PC.

C

Medical Carts from Third Party Partners

HP offers telehealth, point-of-care, and other mobile medical carts from leading vendors including Ergotron, Howard Medical, and Jaco through its third-party solution catalog or Zebra through the HP Managed Print Services Program.

F

HP PC Mounting Bracket for Monitors

Customize an altogether better solution with the HP PC Mounting Bracket for Monitors, which lets you attach your HP Desktop Mini, HP Elite Slice, HP Z2 Mini Workstation, HP Thin Client, or HP Chromebox directly behind the display.⁶

1. Select HP Healthcare Edition products have been tested with Clorox Healthcare® Bleach Germicidal Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes: HP EliteBook 840 G6 Healthcare Edition, HP EliteOne 800 G5 Healthcare Edition, HP EliteBook 840 G5 Healthcare Edition, HP EliteOne 800 G4 Healthcare Edition, HP Healthcare Edition HC270cr Clinical Review Display, HP Healthcare Edition HC271 and 271p Clinical Review Displays, and HP Healthcare Edition HC241 and 241p Clinical Review Displays. Solution tested as of February 2018. Chemical composition is subject to change. Tested to simulate up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions and wipe manufacturer's disinfecting guidance. Repeated use of these germicidal wipes may cause some cosmetic changes to the product. 2. The HP EliteOne 800 G5 23.8" Healthcare Edition AiO is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. Authentication tools sold separately as a configurable option. 3. See user guide for cleaning instructions. 4. IP65 test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 5. The HP Healthcare Edition HC241p is a general-purpose computing device and is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 6. Monitor and PC sold separately. Requires the HP HC241 Stand Kit (4BX37AA). Stand kits purchased separately.

NURSES' STATION

HP healthcare solutions

Nurses coordinate patient care from the nurses' station, which requires access to updated patient records, medication schedules, and physician orders.

A

HP EliteOne 800 G5 Healthcare Edition All-in-One PC with Touch

Help boost clinical efficiency and protect critical data with the HP EliteOne 800 G5 23.8" Healthcare Edition AiO. This powerful system is easily sanitizable and enhanced with robust security and collaboration features and optional, integrated authentication tools to reduce your TCO (total cost of ownership).^{1,2}

B

HP Healthcare Edition HC241p Clinical Review Display

Deploy a display optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241p. It is built for easy, repeatable sanitization after every patient engagement and features a built-in privacy screen to help protect patient confidentiality.³

C

HP t630 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and help keep your data safe with a combination of off-device cloud data storage and built-in protection.

+

HP Secure Plain Paper Prescription Printing

Help secure your prescriptions with a fully compliant, easy-to-deploy solution that uses plain paper and offers rapid ROI.

D

HP PageWide Enterprise Color Flow MFP 586z

HP PageWide Technology delivers the ultimate value, fastest speeds,⁴ and deepest security⁵ for the lowest total cost of ownership in its class. Power your productivity with seamless workflow features, and print effective patient discharge summaries in color for improved adherence to physician instructions at a cost close to mono.

E

HP ScanJet Enterprise Flow 7000 s3 Sheet-Feed Scanner

Give your office high-volume scanning performance. Easily download software—including Kofax VRS 5.1 Professional—that helps you save time and capture confidently. Achieve scan speeds up to 75ppm/150ipm.⁷ Recommended for 7,500 pages per day.

F

HP Engage Pro-C Flex

Powered for the enterprise, the HP Engage Flex Pro-C provides maximum performance to healthcare professionals when they need it. The compact design makes this device perfect for use in multiple hospital locations, from care delivery to back-office.

G

Man & Machine Very Cool Keyboard

IP 65-rated, sanitizable, full-size keyboard with integrated numeric keypad (and optional replaceable fitted drapes).¹

+

HP Secure Printing Solution

Print security is more than document security. Today's threats require attention to data in-transit and endpoint devices on the network. HP printing security can help you stay a step ahead.

1. See user guide for cleaning instructions. 2. The HP EliteOne 800 G5 23.8" Healthcare Edition AiO is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. Authentication tools sold separately as a configurable option. 3. The HP Healthcare Edition HC241 is a general-purpose computing device and not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 4. Total cost of ownership comparison based on 150,000 pages, manufacturers' published specifications for page yields and energy use, manufacturers' suggested retail price for HP hardware and supplies, average street prices for competitive devices, cost per page based on ISO yield with continuous printing in default mode with highest-available-capacity cartridges, and long-life consumables of all color business A4 MFPs \$1,000–\$3,000 USD as of November 2015, excluding products with 1% or lower market share using market share as reported by IDC as of Q3 2015. Learn more at hp.com/go/pagewideclaims and hp.com/go/learnaboutsupplies. 5. Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.

RADIOLOGY EXAM ROOM

HP healthcare solutions

X-ray and other imaging systems provide physicians with vital insight into patient conditions.

A

HP Healthcare Edition HC241 Clinical Review Display

Deploy a display (and optional stand kit) optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241. It's built for easy, repeatable sanitization after every patient engagement and is DICOM Part 14 compliant for accurate viewing of medical images.¹

D

Diagnostic displays from HP Third Party Partners

The displays you work with can have a significant effect on how you choose to treat your patients. The HP 3PS team partners with industry leaders Barco and Eizo to make it easier for customers to order precision display systems that support a wide range of modalities and applications.

B

HP Z2 Mini Workstation

We packed the performance of a traditional business-class tower. The revolutionary Z2 Mini gives you both performance and reliability in a small, elegant design for the best user experience.

+

HP WallArt Solution

Transform patient experiences and environments by changing sterile white imaging rooms (MRI) to space adventures for children with PVC-free wallpaper.

C

HP Z4 G4 Workstation

Select HP workstations deliver the necessary speed, proven performance, reliability, and expandability that make it easy to see why they're widely used in PACS environments around the world.²

1. Select HP Healthcare Edition products have been tested with Clorox Healthcare® Bleach Germicidal Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes: HP EliteBook 840 G6 Healthcare Edition, HP EliteOne 800 G5 Healthcare Edition, HP EliteBook 840 G5 Healthcare Edition, HP EliteOne 800 G4 Healthcare Edition, HP Healthcare Edition HC270cr Clinical Review Display, HP Healthcare Edition HC271 and 271p Clinical Review Displays, and HP Healthcare Edition HC241 and 241p Clinical Review Displays. Solution tested as of February 2018. Chemical composition is subject to change. Tested to simulate up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions and wipe manufacturer's disinfecting guidance. Repeated use of these germicidal wipes may cause some cosmetic changes to the product. 2. HP offers select workstations that are registered FDA Class I Medical Devices for your PACS system. When ordering your workstation, please choose from these workstation part numbers: Z1 (D4H09AV); Z1 G2 (JSV15AV); Z1 G3 (T0J59AV); Z2 Mini (X8V11AV); Z2 Mini G4 (3AX82AV); Z2 SFF G4 (2ZP77AV); Z2 Tower G4 (2ZR32AV); Z220 (D4H10AV); Z230 (E9H74AV); Z240 (M6V41AV); Z4 G4 (1JQ69AV); Z420 (D4H11AV); Z440 (G8W00AV); Z6 G4 (1AM16AV); Z620 (D4H12AV); Z640 (G8W05AV); Z8 G4 (1AK64AV); Z820 (D4H13AV); Z840 (G8W10AV)

RADIOLOGY READING ROOM

HP healthcare solutions

Radiology test results must be appended to patient records and transmitted directly to physicians.

A

Diagnostic displays from HP Third Party Partners

The displays you work with can have a significant effect on how you choose to treat your patients. The HP team partners with industry leaders Barco and Eizo to make it easier for customers to order precision display systems that support a wide range of modalities and applications.

B2

HP Engage Pro Flex

HP Engage Pro Flex offers flexibility by providing a choice of processor, storage, graphics, connectivity and networking options to meet the often demanding requirements of healthcare picture archiving and communication systems (PACS). The HP Engage Pro Flex also includes a number of innovative, integrated and proactive security technologies to help protect confidential patient information.

B1

HP Z Workstation

HP Z Workstations deliver the performance and reliability required for your healthcare environment, from point-of-care to telemedicine, electronic medical records (EMR), and picture archiving and communication systems (PACS).

C

HP ZBook 17 Mobile Workstation

The HP ZBook 17 Mobile Workstation redefines high-performance mobile computing by combining a 17.3" diagonal display with high computational power for reviewing and evaluating data on the fly. The choice of an HP DreamColor display enables true color visualization.

Surgeons and support staff require instant access to patient records, especially medical imaging and test results on a clinical-grade display.

A

HP EliteOne 800 G5 Healthcare Edition All-in-One PC with Touch

Help boost clinical efficiency and protect critical data with the HP EliteOne 800 G5 23.8" Healthcare Edition AiO. This powerful system is easily sanitizable and enhanced with robust security and collaboration features and optional, integrated authentication tools to reduce your TCO (total cost of ownership).^{1,2}

B

HP USB Keyboard and Mouse Healthcare Edition

Complete your healthcare solution and make the most of your workspace with a sleek, white, IP65-rated keyboard and mouse designed for clinical settings.³

C

HP Healthcare Edition HC241 Clinical Review Monitor

Deploy a display (and optional stand kit) optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241. It's built for easy, repeatable sanitization after every patient engagement and is DICOM Part 14 compliant for accurate viewing of medical images.^{1,5}

D

HP Engage Pro-C Flex

HP Engage Flex Pro delivers the performance, reliability and connectivity required for your healthcare environment, from point-of-care to telemedicine, electronic medical records (EMR), and picture archiving and communication systems (PACS).

E

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC241 Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.⁶

F

HP t630 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and help keep your data safe with a combination of off-device cloud data storage and built-in protection.

G

Surgical displays from HP Third Party Partners

HP partners with industry leaders so customers can more easily purchase high-resolution surgical displays that offer color-correct images of patient anatomy, and are easy to clean.

1. Select HP Healthcare Edition products have been tested with Clorox Healthcare® Bleach Germicidal Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes: HP EliteBook 840 G6 Healthcare Edition, HP EliteOne 800 G5 Healthcare Edition, HP EliteBook 840 G5 Healthcare Edition, HP EliteOne 800 G4 Healthcare Edition, HP Healthcare Edition HC270cr Clinical Review Display, HP Healthcare Edition HC271 and 271p Clinical Review Displays, and HP Healthcare Edition HC241 and 241p Clinical Review Displays. Solution tested as of February 2018. Chemical composition is subject to change. Tested to simulate up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions and wipe manufacturer's disinfecting guidance. Repeated use of these germicidal wipes may cause some cosmetic changes to the product. 2. The HP EliteOne 800 G5 23.8" Healthcare Edition AiO is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. Authentication tools sold separately as configurable options. 3. See user guide for cleaning instructions. 4. IP 65 test results no guarantee of future performance under these test conditions. Damage under the test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack. 5. The HP Healthcare Edition HC241 is a general-purpose computing device and is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 6. PC sold separately. See product QuickSpecs for exact device and display compatibility.

Pharmacy staff must be able to confirm prescriptions, cross-check against prescription history and alternative medications, and be warned of potential patient allergies.

A

HP Engage One

The HP Engage One's sleek, modern all-in-one design and responsive touch screen provide a familiar tablet-like experience when used in a point-of-sale retail pharmacy environment. The Engage One also features an ecosystem of optional peripheral devices to help complete the point-of-sale solution.

C

HP ScanJet Professional 3000 Sheet-Fed Scanner

Scan business documents at your desk using a fast, reliable, sheet-feed scanner. Scan two-sided documents at up to 20 pages per minute using the 50-page automatic document feeder, and catch misfed pages with ultrasonic double-feed detection.

B

HP Single Station Thermal Receipt Printer

Built for customer-facing, point-of-sale environments, the HP Thermal Receipt Printer produces high-quality customer receipts without delay. Go beyond the basics with a fast printing speed (up to 74 lines per second) and one- or two-color thermal printing.¹

D

HP Engage Go

The HP Engage Go's mobile design puts computing power where it is needed in hospital or retail pharmacy environments. The ability to add features like carry cases, barcode scanners & payment jacket options allows the device to be used in workflows such as inventory management and mobile dispense as well as consultations. The HP Engage Go also helps to promote patient safety by being able to be sanitized after every shift.²

+

Emporos MerchantSoft Pharmacy POS software

The Hennepin County Medical Center deployed Emporos MerchantSoft Pharmacy POS software on HP retail systems, with superb results that far exceeded expectations.

E

HP Engage Pro-C Flex

HP Engage Flex Pro's hardened design has passed the HP Total Test Process and is able to withstand the demands of busy pharmacy environments over extended use hours. The HP Engage Flex Pro also includes a number of innovative, integrated and proactive security technologies to help protect confidential patient pharmacy information.

¹ Two-color thermal receipt paper required. ² Tested by up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions. Tested with Sani-Cloth® HB Germicidal Disposable Wipe (EPA Reg. No. 61178-4-9480), Sani-Cloth® Plus Germicidal Disposable Cloth (EPA Reg. No. 9480-6), Sani-Cloth® AF3 Germicidal Disposable Wipes (EPA Reg. No. 9480-9), Super Sani-Cloth® Germicidal Disposable Wipes (EPA Reg. 9480-4), CaviWipes® (EPA Reg. No. 46781-B), Clorox Healthcare® Bleach Germicidal Wipes (EPA Reg. No. 67619-12), Windex® Electronic Wipes and PDI Easy Screen® Cleaning Wipe.

PHYSICIANS' LOUNGE

HP healthcare solutions

Physicians and other caregivers spend their downtime between rounds and appointments reviewing charts, recording notes, and researching conditions and treatments.

A

HP MP9 G4

The compact and stylish design of the HP MP9 G4 delivers the combination of performance and security that modern healthcare environments require. The ultra-small form factor and available mounting options provide flexibility around where the device is placed in a hospital or clinic.

B

HP Healthcare Edition HC241 Clinical Review Display

Deploy a clinical review display designed specifically for clinicians with the HP Healthcare Edition HC241. It's built for easy, repeatable sanitization,¹ DICOM Part 14 compliant for viewing medical images, and enhanced with single sign-on authentication support and collaboration tools for telemedicine.² USB-C® power delivery enables "one-and-done" connectivity.

C

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC241 Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.³

D

KSI Keyboard (HP Third Party Partners)

Durable, easily sanitizable keyboards from KSI come in a variety of healthcare-friendly designs and colors to support different clinical workflows.

E

HP EliteOne 800 G5 Healthcare Edition All-in-One PC with Touch

Help boost clinical efficiency and protect critical data with the HP EliteOne 800 G5 23.8" Healthcare Edition AiO. This powerful system is easily sanitizable and enhanced with robust security and collaboration features and optional, integrated authentication tools to reduce your TCO (total cost of ownership).^{1,4}

F

HP PageWide Managed Color MFP E77650

HP Managed MFPs and printers are optimized for managed environments. Offering increased monthly page volumes and fewer interventions, the Managed Color MFP E77650 series can help reduce printing and copying costs.

G

HP Engage Go

The HP Engage Go's convertible design allows a clinician to work whilst docked, giving access to required peripheral devices attached to the HP Engage dock, when the work is complete, the HP Engage Go can be quickly undocked to transition to a mobile form factor to work elsewhere. The Engage Go can also be configured to allow only authorized staff to undock the HP Engage Go if required.

H

HP EliteBook x360 1040 G6 Notebook PC

It only takes one device to make a difference. Caregivers can easily capture patient information, review test results, or consult with colleagues on the best-in-class, business rugged notebook. Features four use modes to work, write, watch, and present.

I

HP Elite x2 1013 G3 Detachable PC

Built for protection from daily bumps and jostling, the HP Elite x2 was engineered to pass MIL-STD-810G testing.⁶ Powerful processors handle your professional apps while tablet mobility lets you keep working on the go. An optional HP Rechargeable Active Pen helps patients complete forms and questionnaires, and up to ten hours of battery life keeps it going through long shifts.⁷

1. Select HP Healthcare Edition products have been tested with Clorox Healthcare® Bleach Germicidal Wipes and Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectant Wipes: HP EliteBook 840 G6 Healthcare Edition, HP EliteOne 800 G5 Healthcare Edition, HP EliteBook 840 G5 Healthcare Edition, HP EliteOne 800 G4 Healthcare Edition, HP Healthcare Edition HC270cr Clinical Review Display, HP Healthcare Edition HC271 and 271p Clinical Review Displays, and HP Healthcare Edition HC241 and 241p Clinical Review Displays. Solution tested as of February 2018. Chemical composition is subject to change. Tested to simulate up to 10,000 wipes with germicidal towelettes over a 3-year period. See user guide for cleaning instructions and wipe manufacturer's disinfecting guidance. Repeated use of these germicidal wipes may cause some cosmetic changes to the product. 2. The HP Healthcare Edition HC241 is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 3. PC sold separately. See product QuickSpecs for exact device and display compatibility. 4. The HP EliteOne 800 G5 23.8" Healthcare Edition AiO is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. Authentication tools sold separately as configurable options. 5. MIL-STD-810G testing is pending and is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 6. Windows 10 MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details.

ADMINISTRATIVE / BUSINESS OFFICE

The business of running a clinic, hospital, or other healthcare facility demands powerful, versatile, secure PCs, printers, displays, and accessories.

A

HP Engage Pro-C Flex

Powered for the enterprise, the HP Engage Flex Pro-C provides maximum performance to healthcare professionals when they need it. The compact design makes this device perfect for use in multiple hospital locations, from care delivery to back-office.

B
