

Limited lifetime warranty  
Toll-free tech support

### Available Capacities\*

4GB: PE242930

8GB: PE242947

16GB: PE242954

32GB: PE242961

64GB: PE242978

*Some capacity used for formatting  
and not available for storage*

## Enterprise Grade Encryption

Ideal for corporate environments

### Ultra-Secure

Uses government standard 256-bit AES hardware encryption  
100% mandatory data encryption ensures safe and secure files  
Complex passwords required for added security

### Fast Performance

Read speeds up to 140MB/s and write speeds up to 60MB/s  
Hardware encryption = no encryption lag time  
Enhanced for ReadyBoost

### Brilliant Design

Capless, sliding USB design protects USB connector when not in use  
Simple, easy-to-use interface  
Does not require admin rights to operate  
Includes option to display return information if misplaced  
PC and Mac compatible

### Reliable

Lifetime warranty and toll-free tech support

## Technical Specs:

**Dimensions** — 2.30" x 0.85" x 0.40"

**Weight** — 0.2 oz

**Encryption Level** — 256-bit AES hardware encryption

**Operating Temperature** — 0°C - 70°F

**ReadyBoost** — Enhanced for ReadyBoost

**Compatibility** — Windows XP+ (excludes Windows Server)  
Mac OS X 10.4+

**Connectivity** — USB 3.0

**File System** — FAT32

**Warranty** — Limited lifetime

**Support** — Toll-free tech support

Capacity	Read (MB/s)	Write (MB/s)
4GB	120	10
8GB	120	20
16GB	120	20
32GB	120	40
64GB	140	60

*Performance specs are maximum values*
