

## Wireless Microphone | 20 Channels | 1 Microphone | 10 hours operating time | Receiver | Black

### General information

This Nedis® wireless microphone with handy receiver delivers a full rich sound for all sorts of performances from music, presentations to parties.

Start using it by putting in two AA batteries (not included) into the microphone and two AA batteries (not included) into the receiver. Plug in the receiver with 6.35 mm connector into another supported device to have an operating time of up to 10 hours in total.

You will experience a stable signal thanks to the 20 available channels and the effective line of sight signal range of up to 50 m in open space. You can easily select the channel and volume of your choice by using the control buttons and display of the wireless microphone.

With the included anti-roll ring you can keep your microphone in place if needed.
