Best 5G performance requires optimal 5G connection and unobstructed antennas (rear of device); see carrier for network availability; 5G performance may be impacted by a case or cover.

Do more with S Pen

The S Pen can launch Create notes, View all notes, Smart select, Screen write, Live message, Translate, and PENUP.

Unleash the S Pen

Push the S Pen inward and then pull it out.

When you remove the S Pen, Air command launches.

S Pen button

S Pen Remote

Press and hold the S Pen button to open an app remotely.

A single press, double press, or a gesture can capture a photo, navigate, scroll and more.

To enable S Pen Air actions, remove the S Pen and tap **Settings** > **Air actions**.

Wireless PowerShare

Wirelessly charge compatible devices right from your device.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag to access all Quick Settings options.
3. Tap **Wireless PowerShare** .
4. With your phone face down, place the compatible device on the back of your phone to charge.

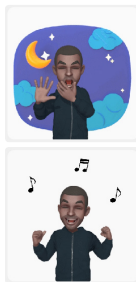

Wireless PowerShare works with most Qi-Certified devices. Requires minimum 30% battery to share. Speed and power efficiency of charge varies by device. May not work with some accessories, covers, or other manufacturer's devices. If you have trouble connecting or charging is slow, remove any cover from each device. May affect call reception or data services, depending on your network environment.
