R-Go Split Break Ergonomic Keyboard
QWERTY (IT), black, wired

Reference: RGOSP-ITWIBL

EAN number: 8719274490821

- 2 parts for maximum freedom
- With pause indicator
- Ultra thin for better blood circulation
- Light keystroke for minimum muscle tension
- Easy to take with you

This keyboard offers all the ergonomic features you need to type in a healthy way.

Its compact design ensures that while using both the keyboard and mouse, your hands always remain within shoulder width. The two components can be placed in any desired position. This unique design prevents reaching with the arm and ensures a natural and relaxed position of the shoulders, elbows, and wrists. Thanks to the light keystroke, there is a minimal amount of muscle tension while typing. The thin design ensures a relaxed, flat position of the hands and wrists while typing. The keyboard is lightweight and because it consists of two parts, it easily fits into any laptop bag.
