

## HP ProDisplay P221 21.5-inch LED Backlit Monitor

Your everyday business monitor just got an upgrade. Practical, reliable, stylish, environmentally conscious, and an extra-large screen so you can work smarter throughout the day. What's not to love?

Efficiently grow and maintain your business with proven HP quality and reliability, a stable lifecycle, HP accessory compatibility, and energy savings. Do more every day and help save money with a monitor that goes the distance.

### Essential business features

Competitively support your business needs with the largest HP ProDisplay monitor. Review documents side by side, read e-mails<sup>1</sup> while multitasking, and keep more applications open at the same time on the extra-large 21.5-inch diagonal screen. See the difference with LED technology that delivers vibrant text and graphics and makes the display thin and light.

Wide viewing angles deliver clear views for single and multiple users. High contrast ratios and fast response times keep content crisp and readable. Work comfortably with adjustable tilt, and easily connect devices with convenient VGA and DVI inputs. Minimize clutter and simplify setup with the internal power supply.

### Compatibility with HP accessories

Customize your work space with options like the HP Speaker Bar and HP USB Graphics Adapter.<sup>2</sup> Free up valuable space and lift the monitor off the desk with a 100-mm standard VESA pattern that supports swing arm and wall mounting.<sup>2</sup>

### Stability now and peace of mind for the future

Maintain product consistency across deployments, ease transitions, and help reduce support costs with a minimum one-year lifecycle from HP. Support identical installations and unify operations worldwide with product availability in 145+ countries. Get improved reliability from HP quality testing that puts our monitors through their paces before you do. Rest assured with the three-year standard limited warranty. Select optional HP Care Pack Services<sup>3</sup> to extend your protection.

### Earn your environmental stripes

Help reduce power consumption and energy costs with an intelligent, energy-efficient design. Mercury-free LED backlighting, a BFR/PVC-free design<sup>4</sup>, and arsenic-free<sup>5</sup> display glass are just a few of the display's responsible details. Lower your overall bottom line with award-winning eco-certifications, including ENERGY STAR<sup>®</sup>, EPEAT<sup>®</sup> Gold<sup>6</sup>, and TCO.
