## **VisionTek**®

## USB-C to HDMI 2M Active Cable (M/M)

The VisionTek USB-C to HDMI 2.0 two meter (6 foot) active cable allows you to connect your favorite USB-C or Thunderbolt 3 device to your HDMI display or projector. This active cable works without any additional power or drivers. Watch movies in perfect 4K clarity or tackle your most demanding software applications across multiple displays. The 2 meter (6 foot) cable allows ample length so you can configure your desk or presentation setup however you wish.

NOTE: This cable is not bi-directional. This cable converts a USB-C to HDMI only, not vice-versa.

Our USB-C display adapters are compatible with all systems with DisplayPort over Type-C. All systems with Thunderbolt 3 support DisplayPort over USB Type-C. Type-C ports may or may not support display outputs. Please consult your computer manufacturer for number of monitors and resolutions supported.

with HP, Dell, Lenovo and Mac systems to ensure a wide range of

## **Key Features**

system compatibility.
