# HP Smart app

Productivity, creativity, and learning at your fingertips

Get the freedom to work anywhere with the HP Smart app—best-in-class mobile print app.[1,2] Print, scan, copy, and send a secure mobile fax from your phone, and save time with customizable shortcuts. Plus, with HP Instant Ink, your printer automatically orders ink before you run out.

Send documents and photos to your printer from anywhere

Send a secure mobile fax from your smartphone, tablet, or PC

Customize photos with easy-to-use editing tools

Keep learning and playing with printable activities

High-quality scanning from your smartphone

Organize documents 50% faster with Smart Tasks— the first mobile print app that automates scanning tasks[3]

Save money and never run out of ink with Instant Ink— HP's ink delivery service

Fast setup from your mobile or PC— no cables or CD

HP Smart app feature highlights

Notifications bell

Printer carousel

Monitor your printer's connection status and supply levels.

Supplies ordering

Order cartridges or sign up with HP Instant Ink, HP's ink delivery service that can save you up to 50% on ink.[3]

Print Photos

Print and edit photos from Google Drive, Google Photos, Dropbox, and more.
